TABLE OF CONTENTS

SENIOR LIFE 4

The life-style of the typical NBHS senior is captured through his likes and dislikes, his time in and out of school, and his all-around characteristics.

SENIORS 14

Those long-awaited crimson caps and gowns are finally upon us! After four years of hard work, we are ready to become graduates of New Bedford High School.

SPORTS 82

The victorious Whalers came out shining under the continuous onslaught of the opposition. We gave it our all on the court, track, and field, as well as in the pool.

CRIMSON LOG

REFLECTIONS 113

As we "reflect" on the past and the present may these experiences and memories help us to look forever forward to the future.

CLUBS AND ACTIVITIES 130

The variety of organizations and activities gave each New Bedford High School student the opportunity to pursue his individual interest and desires as well as to make him feel part of that "family".

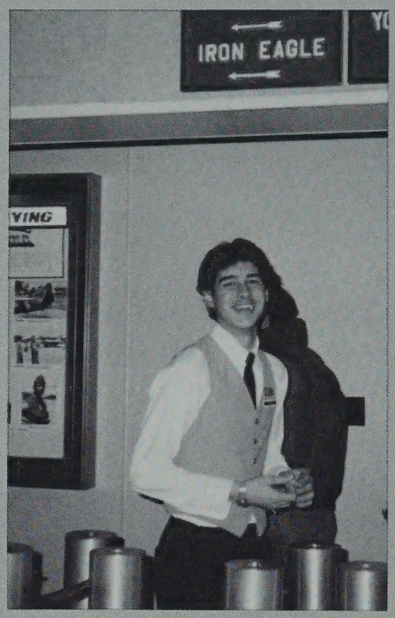
STAFF 184

The faculty and staff of New Bedford High unselfishly supported the Class of 1986 throughout the year with their wit, time and words of encouragement.

SENIOR LIFE

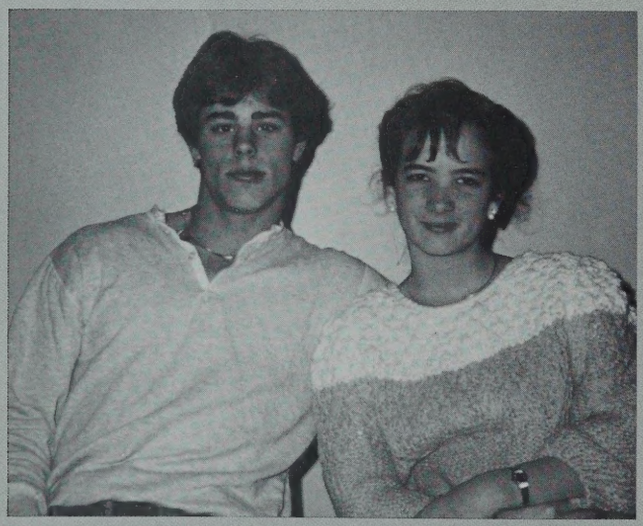
With the constant pressure of college application deadlines, job interviews, SAT's, GPA's and achievements, the life of a senior is repeatedly plagued by scholastic and time-consuming endeavors. In spite of the broken No. 2 pencils, piles of uncovered books and term paper threats, the New Bedford High School senior makes that serious effort to leap over the academic hurdles to the great weekends of good food, conversation, and parties.

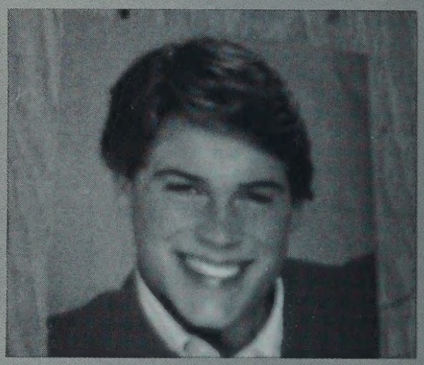
Just what is a senior's life like outside of school? Cars, friends, hobbies, jobs; and of course, music, play a major part in a senior's social life. These next five pages incorporate these activities with an added extra — the winners of the Class of '86 Senior Survey. Dating is always a top item on every senior's list, so without further delay, here's . . .



Manny collects tickets from high school couples such as Lois and Chris (right) at movies which include the #1 senior choice "Rambo" and another favorite "The Color Purple."

THE DATING SCENE . . .





The senior class voted Apollonia (above left) and Rob Lowe (above right) their choice for dream dates, while couples Tim and Barby (top left) and Steve and Suzy (bottom left) have their own ideas about their dream dates. (Below) A favorite way to "run into" that special someone — dances!

THE WORKING SCENE . . .

(Above) Jackie checks discount prices on a rack of women's clothing while preparing for the big sale. (Top right) Jimmy prepares the "special of the day" for the hungry crowd waiting in the dining room at a local restaurant. (Bottom right) If diamonds are a girl's best friend, then Fernanda is surrounded by "friends" as she helps a customer select a fine gold watch.

(Above) After serving several thirsty customers at the Mall, an exhausted Lenny can finally relax. (Below) Bruce is well protected from his customers behind his "cage." (Right) Victor takes a breather after hours of taking inventory of the store's merchandise after the holiday season.

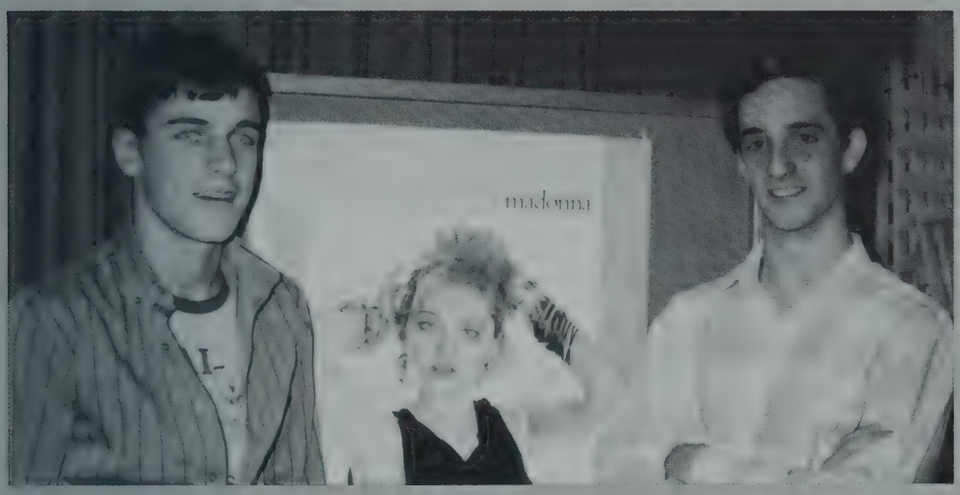
(Far left) Ana is found shopping for the latest fashions in clothes, a favorite pastime of the class. (Left) Alyssa having an "uplifting" memory of her childhood while helping with the flea market. (Above) A delighted Sue after just laying out a spread of Portuguese pastries for a family gathering.

THE CASUAL SCENE . . .

(Above) Lance and Danny spend some leisure time helping each other study for final exams before heading for the Mills. (Right) John "thumbs" his way through Montreal, Canada on his way to his summer job as a counselor. (Below) The "crew" of Chris, Cheryl and Julio "casually" relax before class begins. (Lower right) It's term paper time for Liz as she looks through the shelves at the library, using the time she'd rather spend with her friends.

(Above) Mary Jo is totally surrounded by the music scene enjoyed by the Class of '86. (Top right) The choice for top group this year went to **Tears for Fears,** while top male singer went to surprise winner **Phil Collins** (right).

THE MUSIC SCENE . . .



(Above) Mark and Matt stand beside the photo of the winner of top female singer — once again — **Madonna.** (Below) The complete home set to enjoy listening to the music scene; from records to cassettes to videos, including tuning into the #1 radio station, **94 HJY,** is pictured here (Bottom right) "Take on Me" by a-ah won top honors for favorite video in a new category selection this year.

TOP THREE

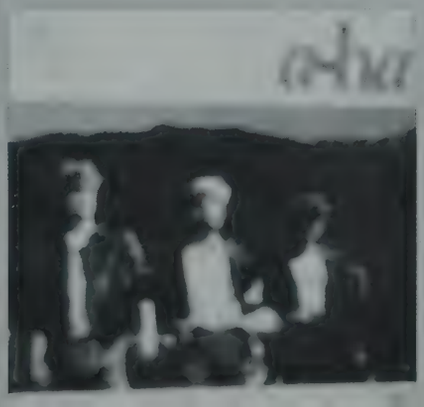
Male Singer
1. Phil Collins
2. Bryan Adams
3. Bruce Springsteen

Female Singer
1. Madonna
2. Pat Benatar
3. Whitney Houston

Group
1. Tears for Fears
2. Led Zeppelin
3. New Edition

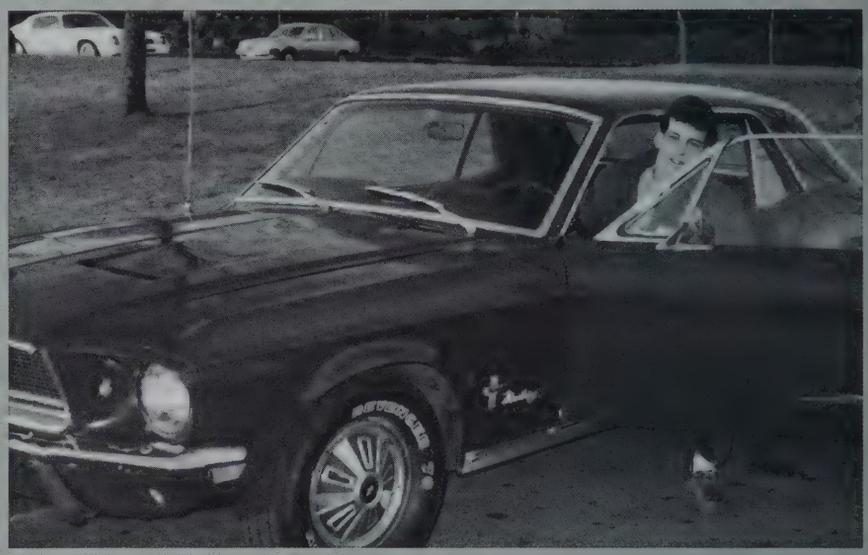
Video
1. Take on Me
2. Rock You Like a Hurricane
3. Smuggler's Blues

Radio Station
1. 94 HJY
2. RI 104
3. USM 91



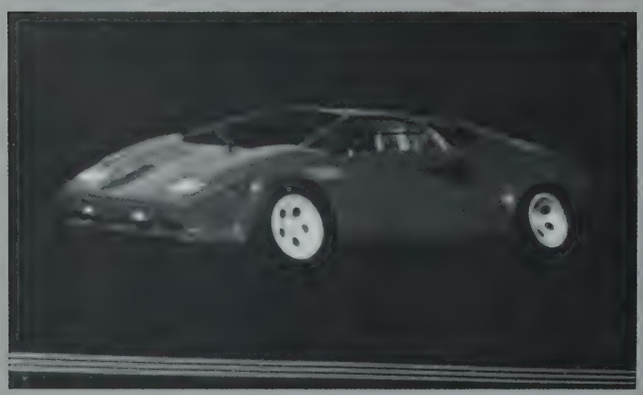
THE AUTO SCENE . . .

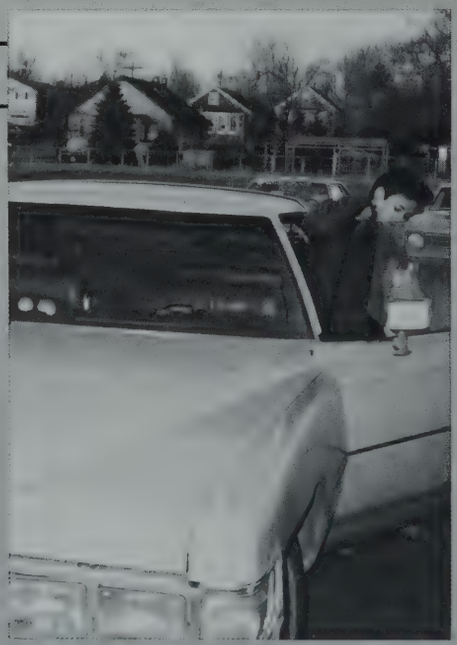
(Above) As underclassmen we were forced to use the only mode of transportation available to us to get to and from school — the "yellow banana." As time passed and maturity set in, our passport to freedom came in the form of a driver's license. As experienced drivers we knew what went on behind the wheel; but to guys like Dave, Billy and Bruce, the adventure lay under the hood (upper and lower left).

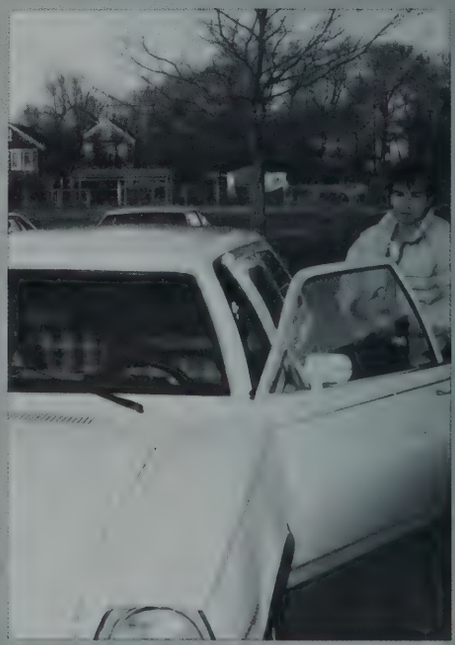


As seniors we proudly drove our vehicles to school each morning at just the right time to catch everyone's eye. Seniors Cliff (above), Liz (lower left) and John (lower right) leave their cars behind while they set out to conquer the challenges of another hard day's work in school.

With such hard work, determination and drive to succeed, a member of the senior class might one day be cruising to the Mall in the awesome Lamborghini, the dream car of the Class of '86 (below).





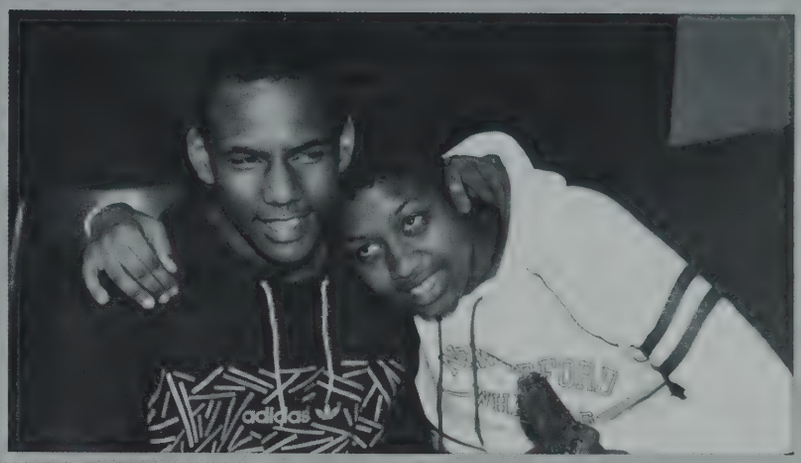


You Know You're a SENIOR When . . .

"You sleep through trig and calculus."

"You do your term paper the night before it's due."

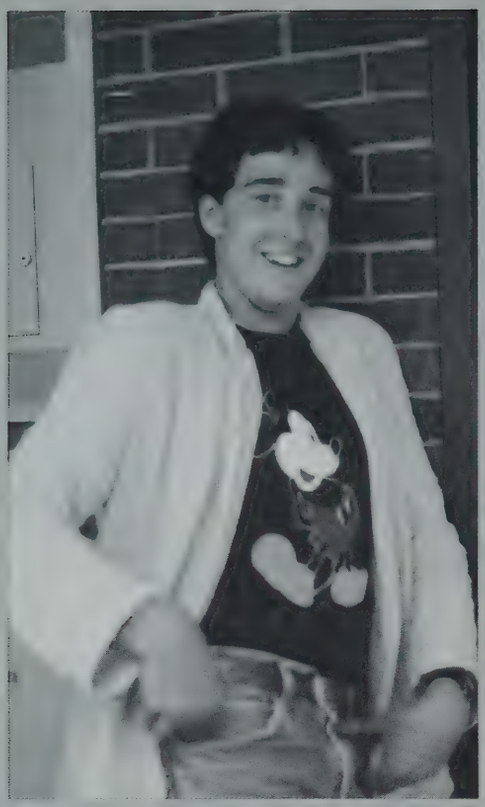
"You don't hear the morning announcements, and they all pertain to you."



"You're looking for a prom date in December."

"You dress up for Spirit Days."

"You can act silly and get away with it!"



"You survive a trip to 1-105!"

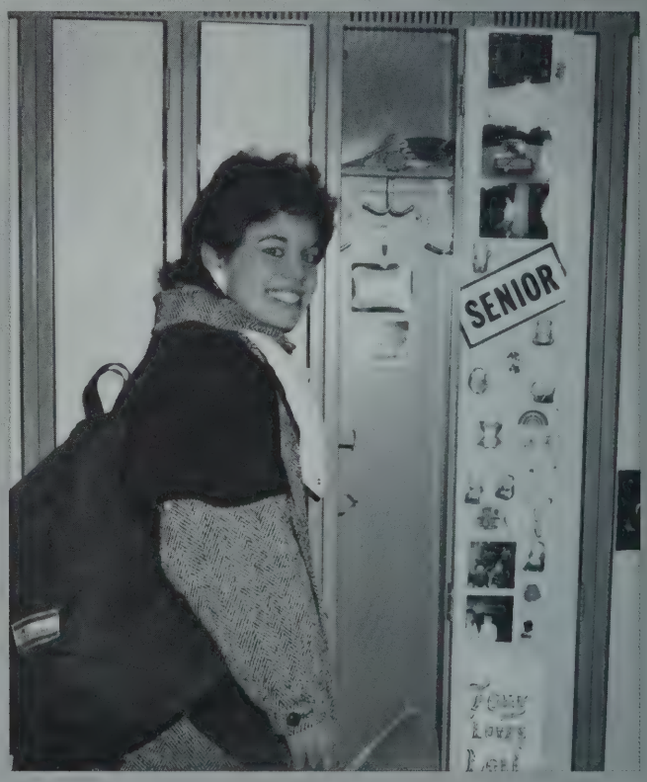
"Your wallet has more senior pictures than money!"

"You pray for a study A, B or C period for senior lounge."

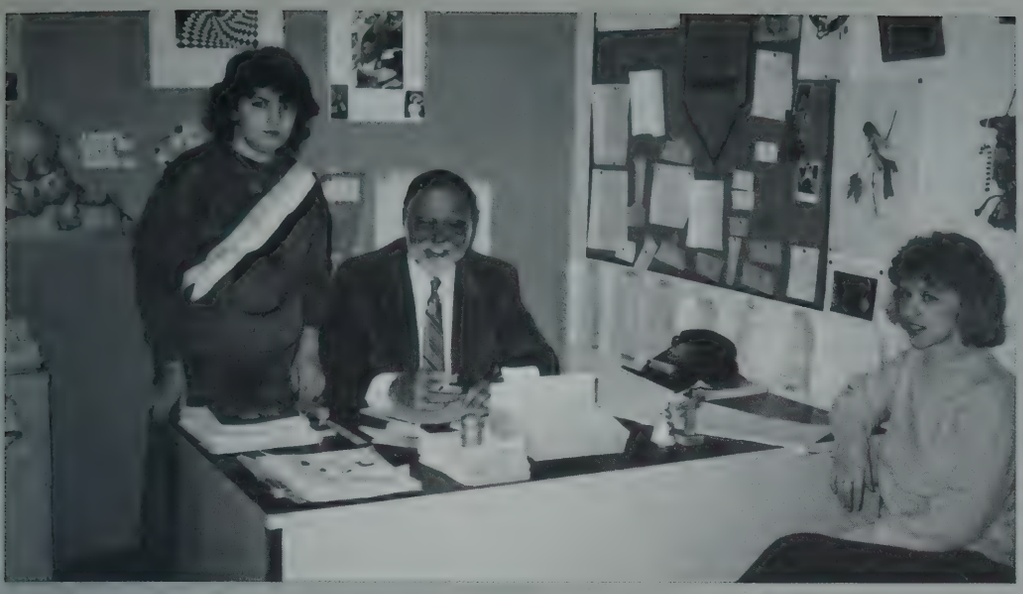
"Your stomach adjusts to cafeteria food."

"You don't use the five minute passing period for passing."

"You don't worry about fourth quarter grades."



"Your locker is completely covered with stickers and pictures."



"You make daily trips to the guidance office."

"You get out of bed 5 minutes before the bus arrives!"

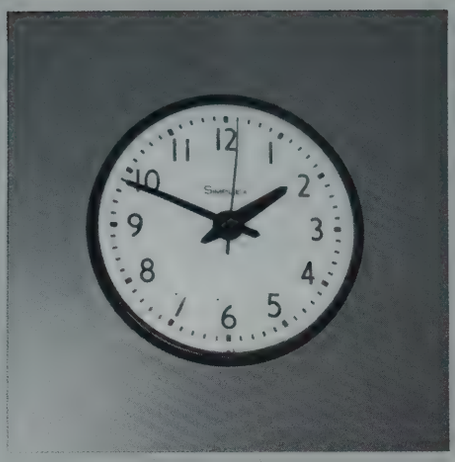
"You get measured for a cap and gown."

"You finally understand your computer copy schedule!"

"Your pocketbook is loaded with receipts for dues, yearbooks, cap'n gowns, banquets, etc."

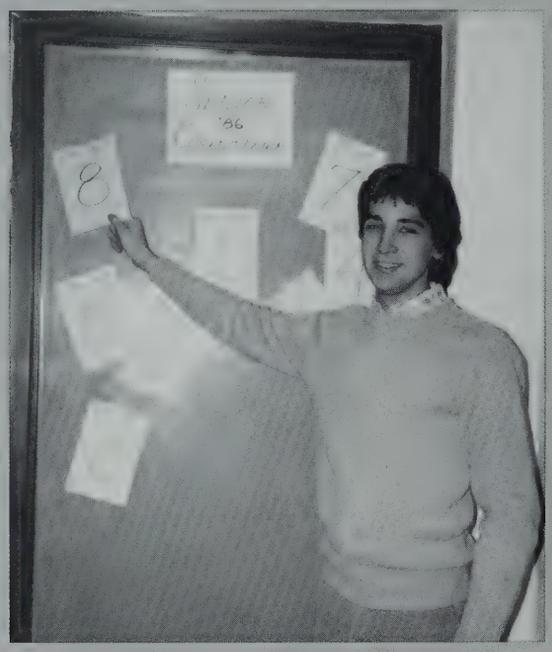
"You don't panic when you see firemen in the building."

"You finally get to wear your senior pin."



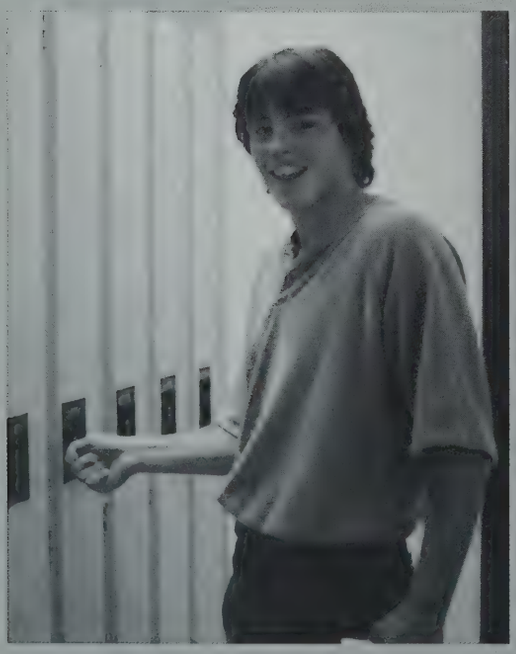
"You're **not** passing **and** time is!"

"You study for a major exam during lunch."



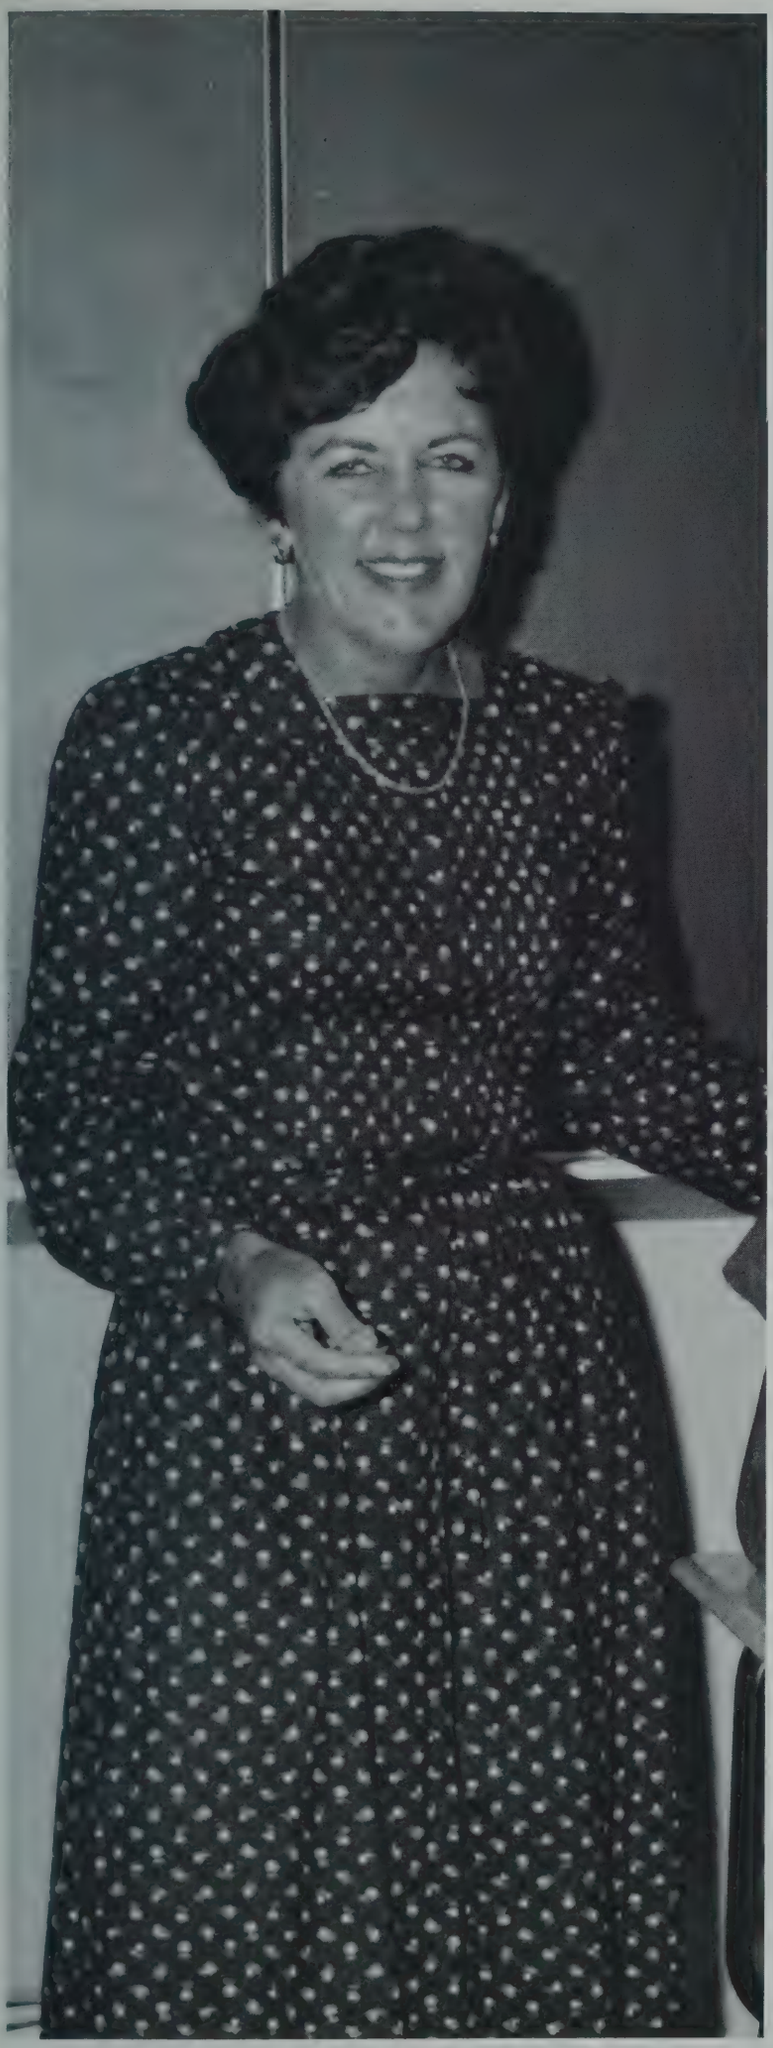
"You start counting down the days."

"You don't stay home any weekends."



"After four years, Mr. Longo finally says 'Good Morning' to you."

"You walk out the doors for the last time."



"A teacher affects eternity; he can never tell where his influence stops."

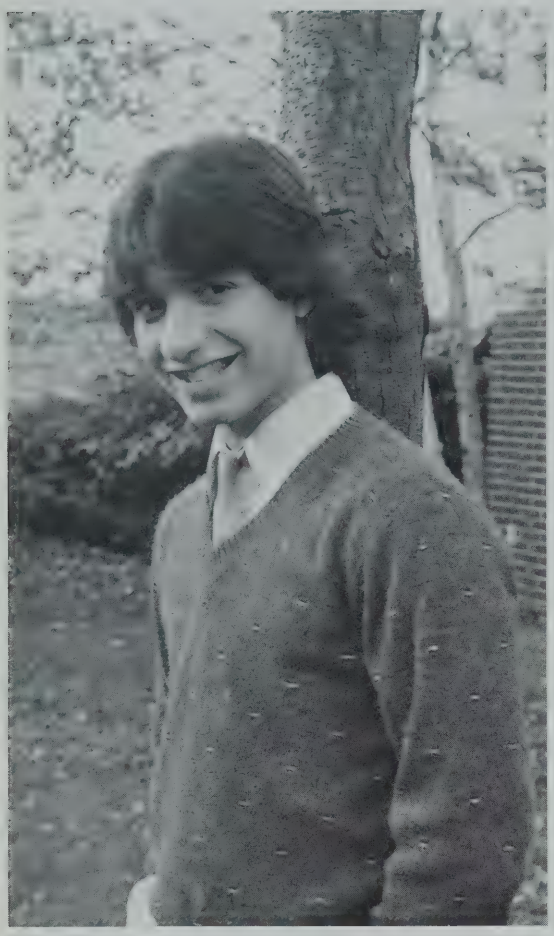
OFFICERS LEAD THE CLASS OF '86



PRESIDENT
Chris D. Costa

SECRETARY
Ann M. Verville

VICE PRESIDENT
John P. Fernandes

Throughout the year the officers and steering committee work to accomplish their goal of making their class the best to come through the doors of NBHS.

The officers are the leaders and coordinators of the various activities and events which take place during the year. It is up to them to motivate the class!

The steering committee works hard all year acting as representatives of the entire senior class. They are the liaisons between the Dean's Office and the senior class for dues, yearbooks, cap and gowns, banquets, proms, surveys, due dates, etc. In additon to this, the steering committee, along with the yearbook staff and senior members, raised over $4,000 with the sale of pillows. They are truly the heart and soul of the senior class!

Front (L-R): Sue Martins, Carol Dufresne, Lori Sylvia, Melissa DaCosta, Pam Lewis, Rachelle Pinto. Back (L-R): Kathy Keenan, Maria Sousa, Lisa Delano, Lucy Lopes, Jackie Almeida, Diane DeSousa, Eugenia Gomes, Davis Oliveira, JoAnne Vezina, Kevin Cook, Andrea Gomes, Cliff Espinola, Yael Alkalay.

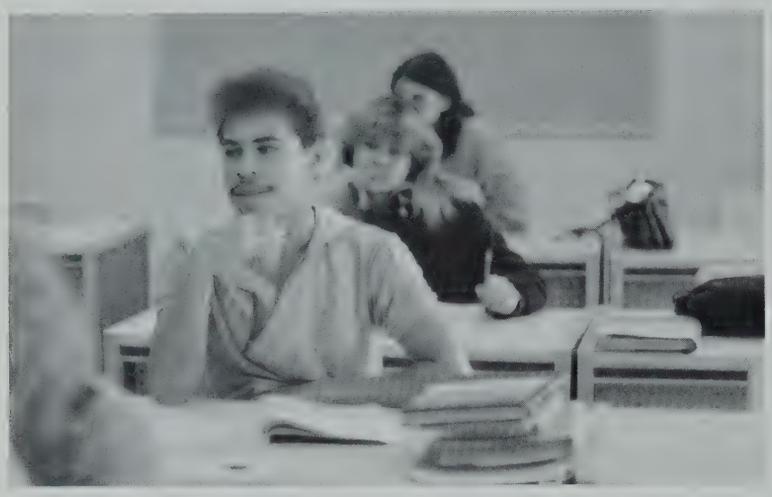
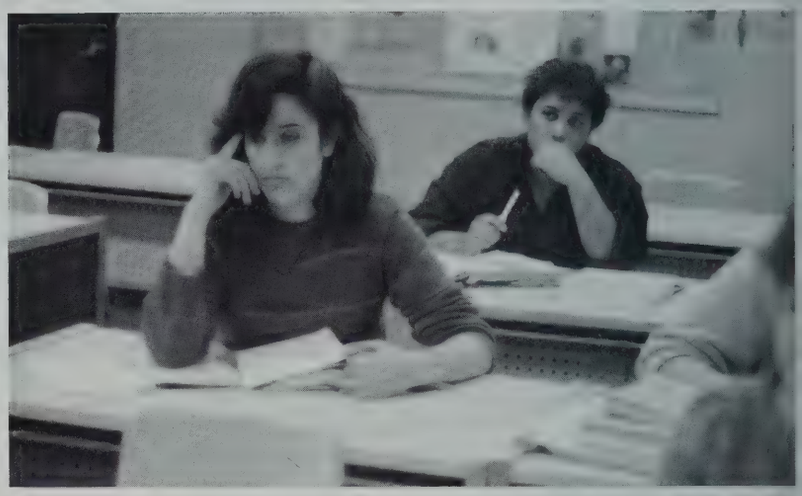
A Slip of the Tongue . . .

They say a picture is worth a thousand words. Here are a few pictures we decided to add a few words to anyway just to emphasize the humor in them.

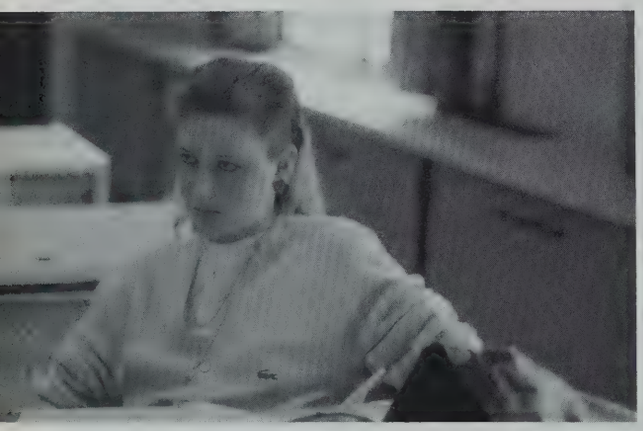
"Doesn't she **ever** stop talking!"



"Are those whiskers I feel on my chinny-chin-chin!"



"I can't believe it's only A period!"



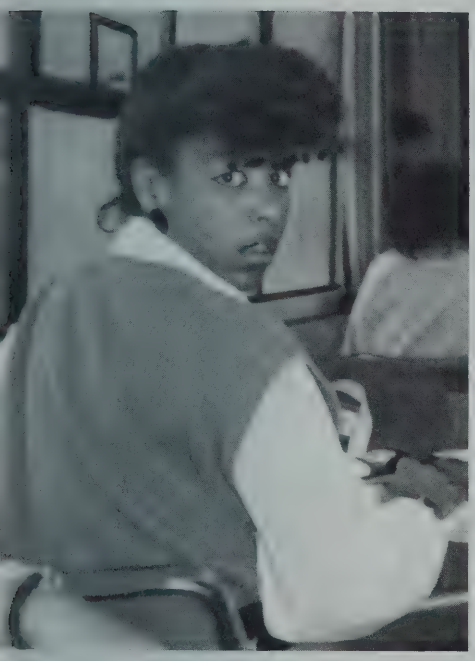
"She has got to be kidding with that outfit she's wearing!"

"Watch out Durfee, the spirit of the Whalers will haunt you!"

"You look M-A-R-V-E-L-O-U-S, darling."

"And people think I'm only good **on** the court!"

"What's that you said sonny?"



"What are you looking at!"

"Hey, someone lost his retainer in here!"

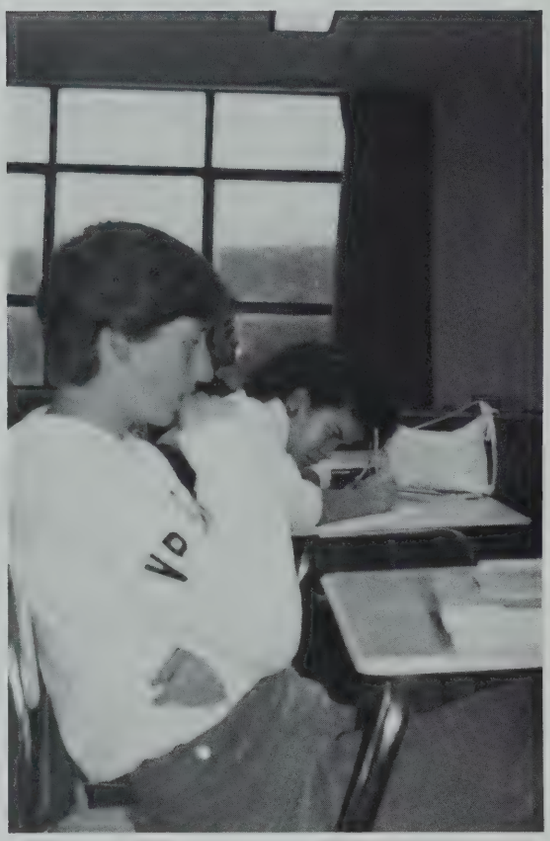
"Aha, I told you she'd say yes!"

"You won't believe what I just found in my hamburger!"

"Honest injun, I'm not lying."

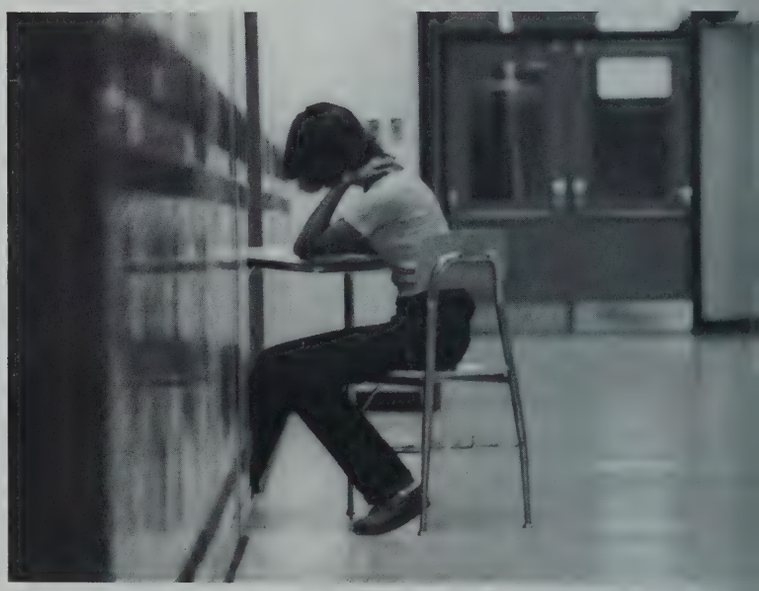
"I heard about you!"

"I'm so happy I could explode!"

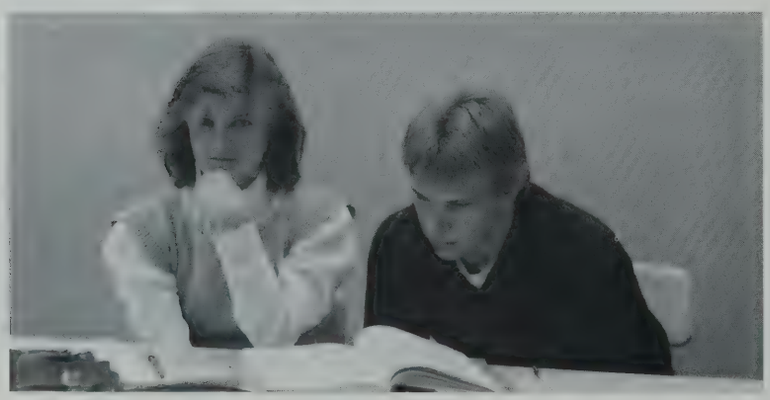


I knew I should have signed out of this class in September!"

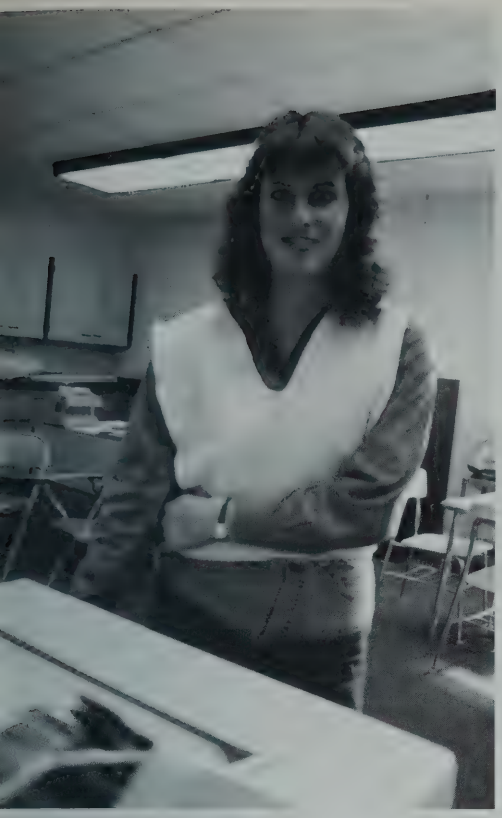
"This peanut butter has glued my lips together!"



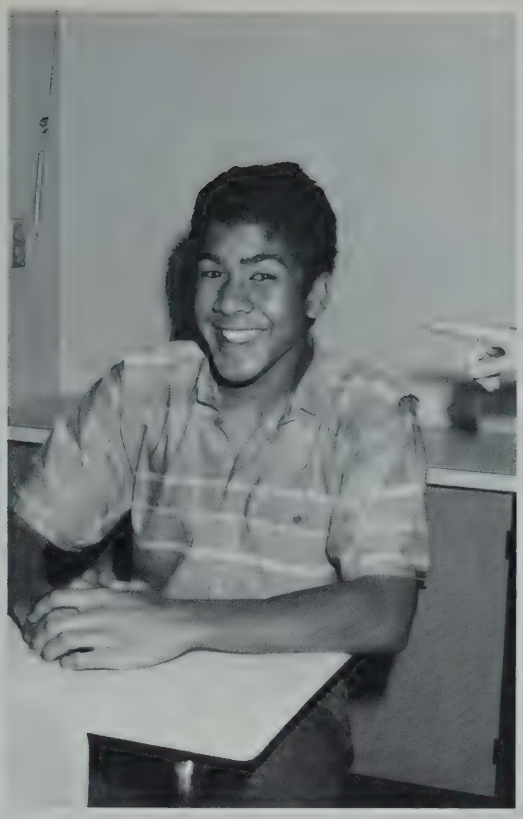
"Something has to be done about these overcrowded classes!"



"I wonder how many times he's going to read the same line!"

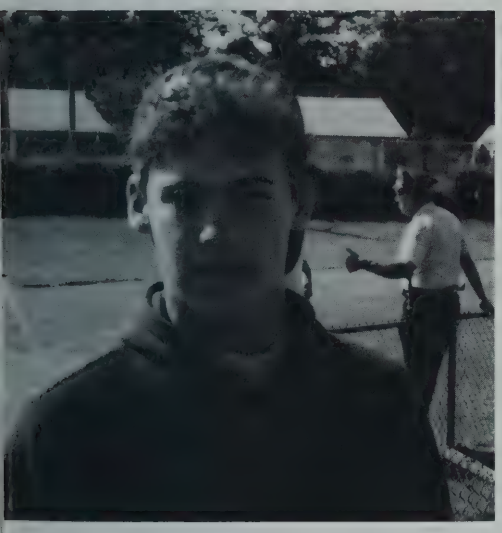


"I knew I shouldn't have eaten that lunch!"



"David, you promised me if I showed you my secret birthmark, you'd put my picture in the book!"

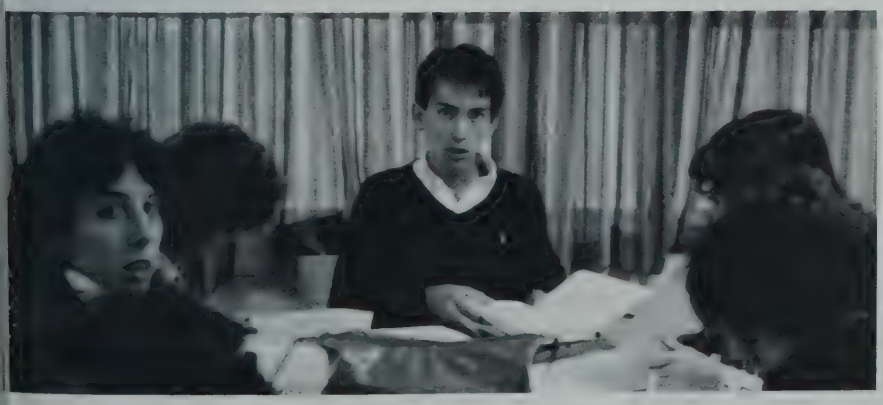
"Oops, forgot to shave my legs!"



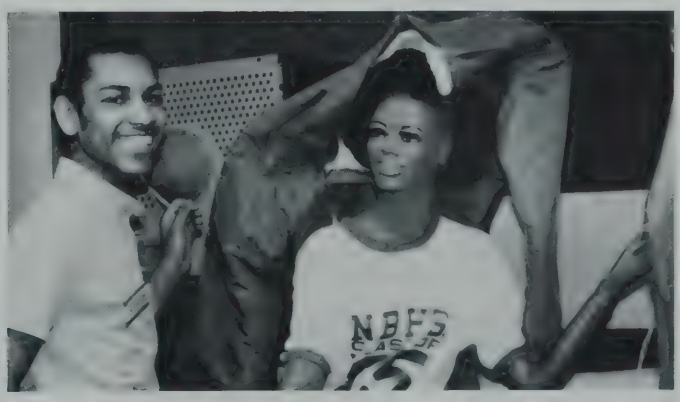
"Was it something I said?"

"Look, I'm not going to tell you again!"

"Hello, Domino's Pizza?"



"Buzz off, can't you see we're having a private conference?"



"At last I found the perfect prom date — eats little and talks less!"

REFLECTIONS OF 1985-1986

This is it! The year we have worked so hard for is finally here. So much has happened and only by looking back at it all can we really see that it was an unforgettable year. Our lives have been affected by everything from world events to fads and fashions. Although we may not have the same interests ten years from now, we will have a collection of memories of our senior year.

Music has dominated much of 1985-1986. This year has been labeled as "The Year of the Benefit." Musicians all over the world have banded together to raise money for a number of noble causes including Live Aid, Farm Aid, Sun City and USA for Africa. Leading the pack of generous artists were Bob Geldof, Bruce Springsteen, Madonna, Tears for Fears, U2 and Tina Turner among others.

The big screen was also a big hit in this past year as seniors spent much of their time at the movies. Comedy was in, and science fiction was out! We began to see a new group of young teenage actors emerge on the movie scene with such movies as **Back to the Future, The Breakfast Club, Teen Wolf** and **St. Elmo's Fire.** Sequels were also in as Rocky returned for a fourth time, only this time to battle a Russian! Sequels to **Rambo, Romancing the Stone** and **Friday the 13th** were also released during our senior year.

In the global picture, a great deal happened, but it was not all good news. Mother Nature was active during this year with the Mexican Earthquake, Columbian Volcano and Hurricane Gloria. This was also the year of terrorism, high-jackings and fatal airline accidents. Some good news managed to squeak out of 1985-1986. Topping the list was the US/Russian Summit and our own Mr. Methia's selection as a finalist in NASA's search for the first Teacher in Space Program. This selection brought back a sense of pride to NBHS.

Hulkamania ran wild in the world of sports as we witnessed the rebirth of professional wrestling. Hulk Hogan, Rowdy Rodney Piper and Capt. Lou Albano were among the key wrestling figures that became involved in everything from benefits, to controversy, to an all-star wrestling album and video! Pete Rose also made history as he broke Ty Cobb's legendary record. Our Red Sox had a typical season. The World Series went to the KC Royals in an amazing come from behind series. The Celtics remained favorites in basketball, BUT everyone's heart was won by the incredible season of our NEW ENGLAND PATRIOTS!

For the extravagant person, fads and fashions this year were great. We saw more and more of plaids and stripes along with Coca-cola clothes. The biggest hit though was the Hawaiian look and skateboards! Swatch watches added perfect finishing touches as they exploded onto the teen scene this year. For those who weren't as flamboyant, an old favorite returned with a new name, as the Levi 501 jeans made their impact on the fashion world.

Finally, television remained an old friend to the Class of '86 along with the continued popularity of the VCR. Even though "General Hospital" remained the daytime favorite, the battle of the nighttime soaps raged on. "Dynasty" this year announced its spin-off, "The Colbys" in hopes of dethroning "Dallas" from its top spot. "North and South" and "Sins" were among this season's mini-series; and "Moonlightng" and "Miami Vice" were high in the race for weekly ratings for television series behind the amazing "Bill Cosby Show", which not only came in #1 week after week, but also caused a rebirth in the sitcom and helped other favorites such as "Family Ties", "Charles and Company" and others. There was something for everyone, including a rebirth of "Jeopardy" for trivia freaks!

New Friends Reflect NB Spirit

"Think to the future — don't live in the past. Enjoy what you're doing — don't just go along with everyone."
— Jose L. Arias

JOSE L. ARIAS
967 Pontiac St.

"Joe" Happiest after arriving in the U.S. as an exchange student. Mrs. Purcell & Mr. Strittmatter both tops. Thanks Mr. Calnan. To become doctor. Won't forget great NBH friends & smiling faces. Enjoyed band, soccer, music & TV.

After Adjusting, Life's a Breeze!

Jose finds life in New Bedford quite different from that in his home of Maracay, Venezuela. Driving is prohibited until you turn eighteen, but there is no drinking age, two facts which don't bother him at all. "Drinking at home is no big deal like here, and I drive my father's truck for him," Jose declares. In school, you don't change classes, the teachers do. However, each school year holds in store twelve or thirteen assigned courses! His favorite experiences have been with the band, which he found "very different" from the small band at home with which he played drums. He misses his family and their custom of riding horses while on vacations. Many thanks are due to his host family the Lauzons, Mr. Calnan, and Mr. V.

"You can have more friends really fast."
— Ruben T. Martinez

Different Land Holds Familiar Friends.

Ruben's hometown of Monterrey, Mexico has perpetual warm weather, small schools with wide open yards, and formal yet easygoing people. Despite these contrasts, he found "nothing really different" about life in New Bedford. His main adjustment was to the language barrier, though he found it no barrier to making friends. His host family, the Santos, and the Youth Exchange Service are appreciated for their help. Ruben's message to the senior class is "Thanks to all the people who helped me and to all my friends."

The 1986 Whalers: A Super Success Story

What was to be a rebuilding year for Whalers turned into one of its most successful seasons in New Bedford High's history. With new head coach, Joe Wirth, the Whalers earned their first E. Mass. Division III Super Bowl berth.

The Whalers pulled together after an opening game setback to B.C. High 7-0, and won nine straight games enroute to an S.M.C. championhip and Super Bowl appearance. This team had many weapons, but none more devastating than senior running back, Dana Burgo. The S.M.C. scoring leader ran by opponents for a whopping 1,6000 yards along with 25 touchdowns and was a force virtually unstoppable by any opponent. The key to the offensive success was held by New Bedford's linemen. Seniors Chris Haley, Pete Crowell, and tri-captains, Scott Tremblay, Scott Nolin, and Fred Pimental were outstanding in moving defenders around in the battle of the trenches. When the Whalers went to the air, it was senior quarterback John Borowicz who got the job done throwing for five touchdowns. A big part of Borowicz' success was having outstanding receivers, particularly senior Jimmy Gomes and junior T.J. Oliver. Gomes also led a stingy Whaler defense, along with seniors Timmy Stott, a defensive back; and Dale Burgo, who led the team in quarterback sacks.

Joe Wirth and his coaching staff did an excellent job in creating a new winning attitude from years past. As for '87, new goals will surely be achieved, but in our minds the memories of the '86 season will linger on.

Girls Swim to Potential

The Girls' Swim Team were billed as early season contenders in the Southern Conference by coach Bruce Morell. They fulfilled that prediction with another successful year.

Led by co-captains Ann Verville and Beth Shaugnessy, the Whalers sported an impressive 6-1-1 record for a second place tie in their division. Strong performances by seniors Beth Schwartz, Liz Barnett, and Kris Curry contributed to the Whalers' success. Seniors Barbie Lima, Pam Souza, and Jen Cormier were also key ingredients to a fine season.

This year's team brought much excitement and enthusiasm to the sport. With Juniors, Cathy Foster and Kristen Porter leading the way, the '87 season looks like an encore performance for Coach Morell and the Whalers.

DISCIPLINE . . .
HARD WORK . . .
SUCCESS!

Led by the surging John Senra, the Whaler Soccer Team has once again proven their excellence. Though it was a young team, often with six sophomores starting a game, the players had a great season. Seniors, Paul Magalhaes, Steve Medeiros, John Senra, John Fernandes, Rui Furtado, Bassirou Niang, Tony Lima, Carlos Portal, and Kevin Vincente showed superior leadership in steering the team to an overall record of 16-2-0. With the help of top senior players such as Senra and Vincente the team also made it to the quarter finals of the Southern Sectionals. Senra was the leading scorer this year scoring thirty goals within an eighteen game season. Leading the defense was Kevin Vincente whose size and knowledge of the game made him one of the best defenders in the league and definitely kept the team's defense together. Vincente was also selected for the Southeastern All-Star Team this year. With players like these, the disciplined and hard working team maintained their record of success still another year.

Growing Confidence Builds Team's Strength . . .

It was a year of great growth for the NBHS Girls' Field Hockey Team. With only five seniors, Rosalind DeMedeiros, Ana Lucia Roda, Melissa De Costa, Michelle Melancon, and Pam Coelho, this year's team ended with an improved record of 3-9-5. Erin McGonigle, along with Antoinette Gomes and Karen Almeida, were top scorers this year, while superior defense came from Michelle Almeida, one of the team's goalies. With the help of these fine players and the leadership of co-captains Melissa De Costa and Michelle Melancon, the team tied five games this season. These ties gave the girls the confidence that was lacking in previous seasons and allowed them to go on to win three games this season. The pride of the season was the win over Somerset in their second meeting. The disappointing loss of 0-5 to Somerset during the first game compelled the girls to work harder than ever. The three ties and one win before they played Somerset again gave the girls the confidence to go on to beat Somerset 1-0. With this growth in confidence and over half the girls returning next year, the team should soon enjoy the success they so much deserve.

Running Away . . . with Success!

Once again, the Whalers' teams both recorded successful years in cross-country. This year's boys' team was steeped with returning veterans, with 5 of the top 7 runners on varsity being seniors. Three of these seniors, captain Chris Baxter, Manny Macedo and John Reul presently hold the 4th, 6th, and 7th fastest times respectively ever run on the home course. With strong support from seniors Dave Mahmoud, Kevin Cook, and Rick Pires, the boys finished off a strong 3rd in perhaps the toughest league in Massachusetts. At the SMC League Meet, they finished 4th in a field of 12 teams, and they finished 8th at the Division I State Meet. The highlight of the season, however, occurred at the 3rd annual Brown Invitational, at which the boys won the varsity race by over 50 points. In doing so, the Whalers beat teams from Massachusetts, Rhode Island, Connecticut, and New York. In addition to this, seniors Baxter, Macedo, and Mahmoud were selected as members of the Standard Times All-Star cross-country.

The jr. varsity team also had an enormously successful season. Their dual meet record was 6 and 0, being the first undefeated jv cross-country team in several years. Contributing greatly to this team were seniors Chris Karalekas, Rick Porter, and Kelly Martin.

The girls' team in only their 3rd year of existence, ran to an outstanding 7 and 0 season. This accomplishment makes the girls' cross-country team to be the first ever girls' track team to be league champions. The team was a mixture of the classes led by senior captain Liz Alves. Others on the team included Sue Watkins, who recorded the 2nd fastest time on the course, and senior Niki Girard, who provided the "clutch" performance as 5th girl in the league meet, enabling the team to clinch first place. Senior Kathy Mulligan contributed heavily to the team, as did sophomores Hilaria Rocha and April Beaulieu. Rocha broke the course record to become the fastest NBHS girl ever, while Beaulieu recorded the 5th fastest time on the course.

For this team, the entire season was a highlight. The girls finished 3rd at the Division I State Meet, qualifying them for the state finals, at which they finished a strong 10th. Of this team, Alves, Rocha, Watkins, and Beaulieu were all named to the Standard Times All-Star Team. Congratulations to both teams for another great year!

Through Hard Work, Successes Finally Come!

After 3 years without a win, the Whaler's Volleyball Team finally tasted the fruits of success, winning a total of 6 games this season! Though still a growing team, the Whalers showed everyone that they can no longer be ignored. With a combination of juniors and seniors, the team acquired more wins this year than in the previous 3 years combined! Although a definite success, the season could have been even better if not for inexperience and several ill-timed injuries.

Seniors Diane Swire (capt.), Chris Leger, and Jackie Seney made up the backbone of the Whaler team. Supporting them were juniors Sue Rasmussen, Nicole DesLauriers, and Donna Brown, all of whom provided key efforts in their team's victories. Other seniors who provided great dedication and support were Andrea Gomes and Barby-ann Silva. The final members of this winning team included juniors Lisa Berard, Kelly Chase and Heather Brown.

Although every win was in fact a high point, perhaps the greatest highlight was the selection of Diane Swire to the Division II League All-Star team. She is the 1st Whaler girl ever to make a volleyball All-Star team under Coach Macedo.

In all, this year's volleyball team can be considered nothing less than a great success. Their efforts have set the foundation for what will become future successful teams. Congratulations to all!

Boys Swim for Personal Success and Pride

The Whaler Boys' Swim Team had another successful season with a league record of 5-2 and an overall record of 6-4. While not as impressive as some previous seasons, the record does not reflect the strong showing they displayed against four divisional champions. The team placed second in the Relay Carnival at Sandwich and third at the Conference Meet at Attleboro.

Led by co-captains Rick Porter and Mark Parent, the team did not let two early season losses discourage them, but rather bounced back to take their next four meets by strong margins. Helping in those victories were seniors Paul Foucart, Jim Henry, Wade Perry and Bob Costa.

The team had a good mixture of underclassmen as well; and under the direction of Coach J. Medeiros, they developed nicely. Helping to teach excellent form to the divers was assistant coach, Bruce Morell. Showing future promise are Tim Sheehan, Tim Curry, Scott Turner, Jason Gurney, Scott Medeiros, George Medeiros, Neil Mello, Jason Hebert, Tom Sargent and others.

N.B. Gymnasts . . .
A Flip above the Rest

This year's team continued its success by finishing second in the SMC league. Winning all but three meets, the season proved to be exceptional. The team was led by its three senior members: Beth Shaughnessy (co-capt.) Maria Sousa (co-capt.), and Kris Curry. Kris, a two year member of the team, set an example of both determination and persistence for the younger gymnasts. Maria proved to be an ideal leader with her spirit, determination, and unselfishness. Beth was a major reason for the program's success since its birth four years ago. She holds school records on the bars, beam, vaulting, and in the all-around competition. This year Beth was a league all-star on bars and floor. Coach Doherty felt that because of their outstanding attitudes this senior trio not only led the Whalers to another successful season, but also had a positive influence on the underclassmen both in and out of the gym. Future hopefuls include Lisa Nowell, Sharon Gardner, Chris Seguin, and Monica Rooney. Topping this list are freshmen Sue Faria, league all-star on beam and floor, and sophomore Sandra Langlois, league all-star on all four events. As the team continues to grow in depth and ability, Coach Doherty and Coach Medieros look to the future in hopes of continuing the gymnastics team's past successes. P.S. — Remember "Jump" at Papa Gino's, Newport Creamery with Mr. Medeiros, Madonna on the bus rides, Attleboro's boy gymnasts . . .

Whalers Tournament Bound Once Again!

Consistency and all-out effort to win led the Whalers to an exciting display of roundball in a most memorable season. A heartbreaking loss to Durfee in the Tip-off Tournament early in the season was an upset; but the Whalers proved to be the exceptional team everyone thought by bouncing back to their winning tradition in the Brockton Holiday Tournament. First they defeated Don Bosco in a thrilling overtime game; and then they defeated heavily-favored Brockton in an exciting game which made them tournament champions.

Then, sweet revenge came in the second meeting with Durfee before a standing room only crowd, as senior Roger "Tres" Lewis, displaying the talent which made him one of the most sought after high school players, led the Whalers to a 77-55 victory. And again in their third meeting of the season, NBHS played with its heart as senior Donald Lessa, in one of his best games, led the Whalers to a four point win over its biggest arch-rival.

Senior guard Brian Magnett and center Tony Lima will be remembered for their blocks and intensity during the season, along with the tremendous play of underclassmen such as Aaron Bedard, Stevie Wynn and Johnny Sylvia. The future looks bright for the Whalers considering the fine prospects left even after the seniors are gone, but to our graduating seniors: Tres, Donald, Brian and Tony — THANKS FOR THE MEMORIES!

Girls Lose Too Many Heartbreakers . . .

Despite the lack of size, experience and injuries, the New Bedford Girls' Basketball Team made a strong effort to play every game with "heart." Many games came down to the final buzzer; and those that ended in victory were sweet, but those that ended in defeat were bitter. Perhaps the two point loss in the finals of the Madison Park Tournament held at the beginning of the season was an omen of the upcoming season. Any loss is unwanted, but the one and two point losses plaguing the team all year were especially agonizing.

Co-captains Melissa De Costa and Pam Souza did their best to keep the team's spirits alive. By pouring in an average of 15 pts., Pam helped spark the Whalers to a win over many formidable teams while keeping the team "in the game" against other difficult opponents. Melissa added depth in the ball handling department while Anne Mauricio and Kerri Hathaway, both playing for NBH for the first time, added quickness and outside shooting.

High points of the season included a come-from-behind win over Martha's Vineyard and a strong game against the undefeated Spartans.

With returning players Michelle Almeida, Sue Rasmussen, Kathy Kelly and Gail Rousseau, as well as promising J-V players, next year looks promising.

Whalers Gaining Respect in Tough League

The NBH Hockey Team, led by co-captains Troy Spirlet and Barry Lawler, experienced a winning season filled with triumphant victories and disappointing defeats. The team, in its second season under Coach Greg Tougas, continued to fight for recognition in a difficult league which hosts the three powerhouse schools of Cape Cod — Falmouth, Barnstable and Dennis-Yarmouth. Relatively speaking, hockey is a new sport to the New Bedford area; and therefore, it is in its growing stages compared with long established programs in other areas.

Although the season had disappointments, it did produce moments of glory for the hard-working and determined team of skaters. Perhaps the greatest of these achievements was the dynamic upset over the then-undefeated D-Y team by a score of 5-3.

In addition to the efforts of forward Lawler and defenseman Spirlet, senior defenseman Luke Gurney, reserve forward Bruce Edmundson, and forward Chris Dextradeur combined to give the team its drive and force. Sophomore Jack Indio, the team's leading scorer, and Bill Cabral, the second leading scorer, were major factors during the tougher games of the season. The excellent net minding of goalie Dusty Cormier, complemented by the goal-tending of Jim Bettencourt, was one of the team's greatest assets.

The hockey team, however young and inexperienced, proved they were relentless fighters throughout the winter season. They have left a solid foundation on which to build next year's team.

The Success Story Continues . . .

The 1985-1986 Indoor Track Teams completed another successful season under the direction of Coach Steve Gardiner. The boys' team, led by captain Chris Baxter, ran to an impressive 7-1 record, decisively winning the annual Voc-Tech Invitational. Winning efforts for the season were made by seniors Tim Stott, John Borowicz, Matt Gracia, Dave Gomes, John Reul, Manny Macedo and Cliff Espinola. Also providing crucial points throughout the season were seniors Tom Pacheco, Rick Pires, Kevin Cook, Dave Mahmoud, Chris Karalekas, Scott Nolan, Jeff Botelho and Kenny Graviel.

The still-growing girls' team, led by co-captains Liz Alves and Andrea Gomes, also produced a winning formula which ended with a strong 6-2 record. This year's team holds great promise for future teams as it was made up of a good mixture of seniors and underclassmen. Led by their captains, the girls achieved a third place finish at the Voc-Tech Invitational. Seniors Nikki Girard, Melissa Barton, Danielle Brook, Melissa Caron, Michelle Melancon and Jackie Seney provided a strong backbone for the team; while underclassmen Nicky Deslauriers, Jen Jordan, April Beaulieu, Sue Watkins, Kristin Porter, Kim Belliveau and Hilaria Rocha caught the attention of track enthusiasts for their speed and talent and potent potential.

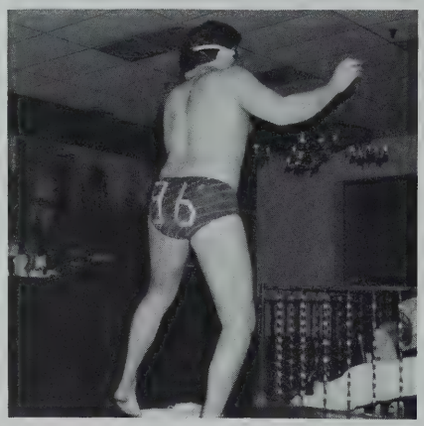
Junior Banquet
"Coming Together As One"

On Thursday, May 23, 1985, at White's on the Watuppa, the Class of '86 came out in full force for a night of fun and excitement to kick off their senior year! This is the night we officially became seniors; as Stacey Smith, the President of the Class of 85, handed over the Senior Class Whale to our President, Chris Costa.

After a delicious meal of Southern fried chicken, we were entertained with the "Bugle Boy" song sung by "our" version of the Andrew Sisters? (Manny Fernandes, Jeannie Gomes, Karen Vieira, Roxanne Blake and Jocelyn Andrade) and Annie and the Beach Boys (Ann Verville, Paul Foucart, Rick Porter, Victor Silveira, and Caci Ferreira), who performed their own interpretation of "Surfin U.S.A."



Also, at the Banquet were our class advisors, Mr. L. Edmundson and Mrs. L. Ayotte, as well as our guests, Mr. S. Gardiner and Mr. A. Alves.

At the end of the night, the Class of '86 came together as one to sing "We Are The World."

All in all, it was an excellent way to kick off a senior year.

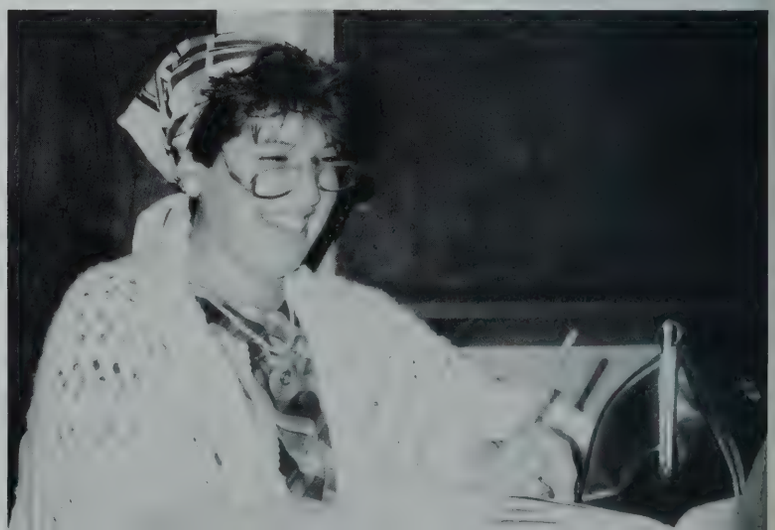
SPIRIT COMES ALIVE AT NBHS

(Below) Hawaiian Day brought the warm breezes of laughter of the South Pacific to the halls of New Bedford High. The cool November weather didn't stop the "crew" from wearing their leis, mu-mus, Bermuda shorts, grass skirts, or even sunglasses.

(Above) All-Sports Day gave the student body a chance to portray their favorite sports figures. (Below) Masquerade Day was a surprise to all, as students dressed creatively with imaginative costumes.

(Below and Bottom Left) Senior Citizen Day gave the students a chance to raid their grandparents' closets and don costumes which made them wonder if they'd still be attractive to the opposite sex years from now!



Seventeen and Vogue magazines could take a few lessons from the students at New Bedford High School during the "dress-up" days of Spirit Week. Decked out in garments of various designs and brilliant colors, the Class of '86 gave a new meaning to the word imagination. The laughs and memories would forever be a part of the great times and experiences during our four years of high school.

(Right) Pajama Day gave those tired seniors, who hate to get up at 6:00, an opportunity to roll out of bed and right into class. From pillows to night caps of all sizes, PJ Day was the "alarm" that awoke the inner spirit of students and faculty alike.

Masquerade, All-Sports, Pajama, Senior Citizen, and Hawaiian Days may seem fantastic, but no "dress-up" day could compare to TOGA! TOGA! TOGA! — Toga Day. This traditional event gave each senior the opportunity to dress up like an inhabitant of ancient Rome, but with a little style and pizazz.

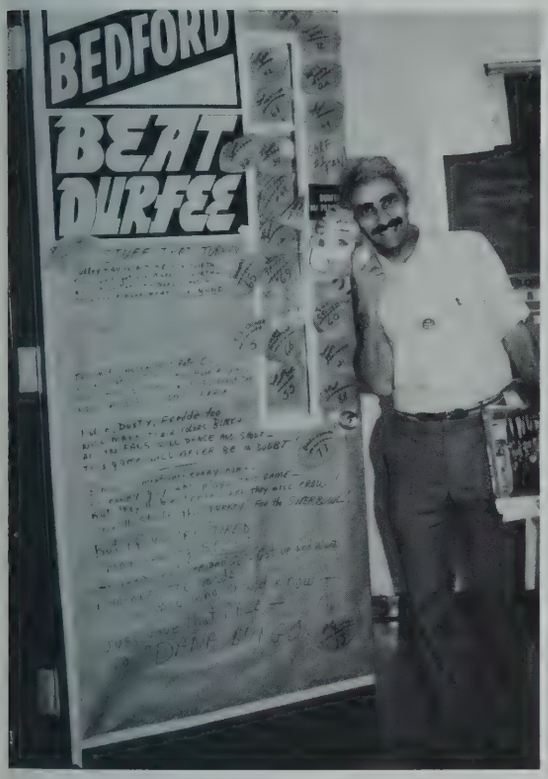
(Bottom left) The winners of the Masquerade Day Best Costume Contest at the Pre-Thanksgiving Day Game rally wrapped up the high-spirited and multi-colored dress-up days of Spirit Week. Those creative days not only brought the students closer to each other, but provided fun-filled memories for all.

SPIRIT ACTIVITIES

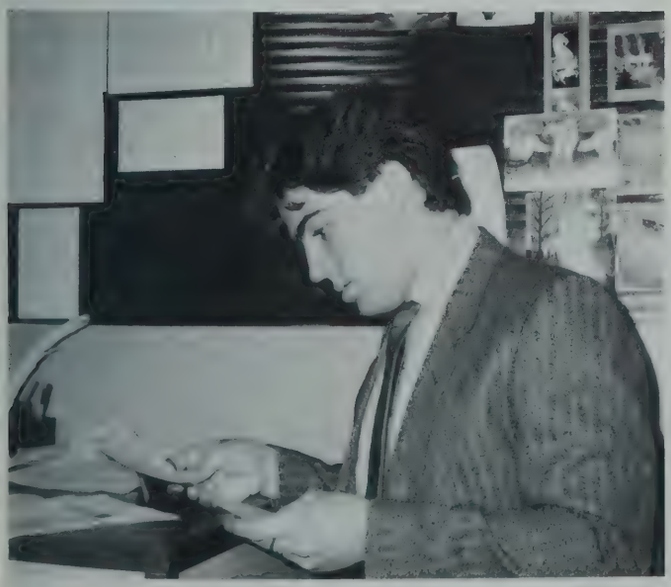
In addition to the "Dress-up" days, the spirit of New Bedford High was reflected through other unique and enthusiastic events including spirit activities.

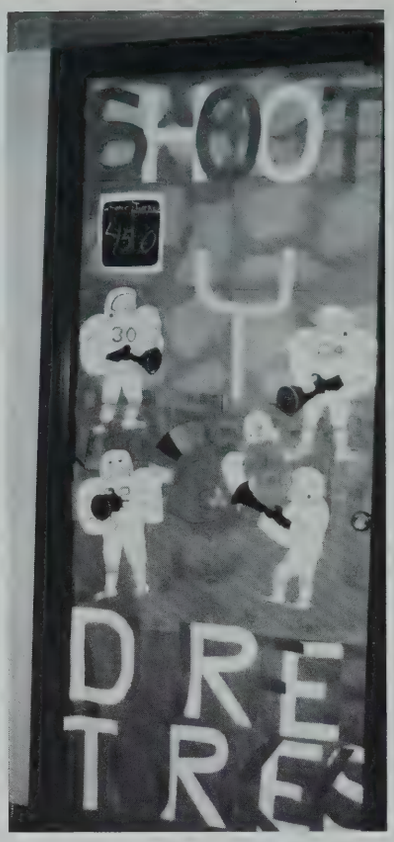
Setting the tone for Spirit Week this year was Student Leadership Day, Sponsored by the National Honor Society. This event allowed students to take on the responsibility of running the school. As the students handled the chalk dust and uncorrected papers, the teachers got their sneakers out of the closet to participate in the Student-Faculty Volleyball Game, sponsored by the Natural Science Club.

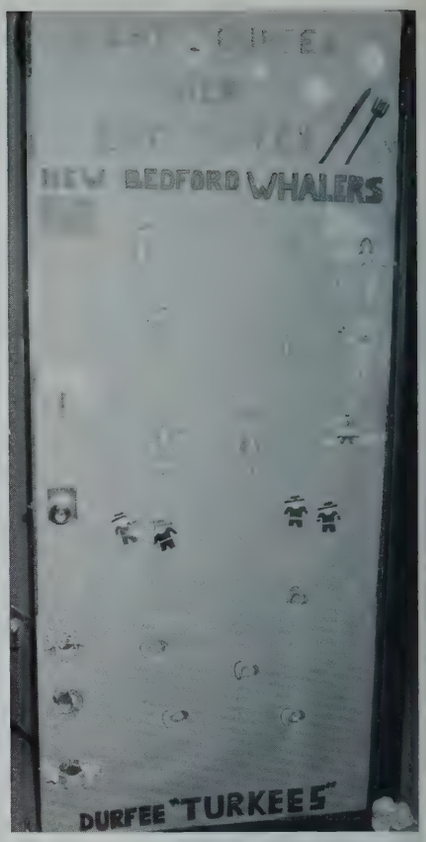
The Spirit Week Door Decorating Contest and the R.O.T.C. Pancake Breakfast made their first appearance on the "Spirit Activities" roster. Both were highly-successful and showed the true spirit of fun patented throughout Spirit Week.



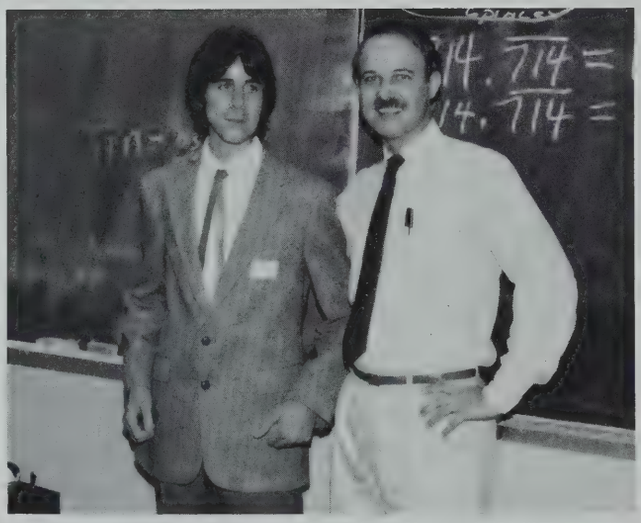
The hard work, dedication, and good sportmanship of the faculty and student body made this year's fun-filled spirit activities memorable.



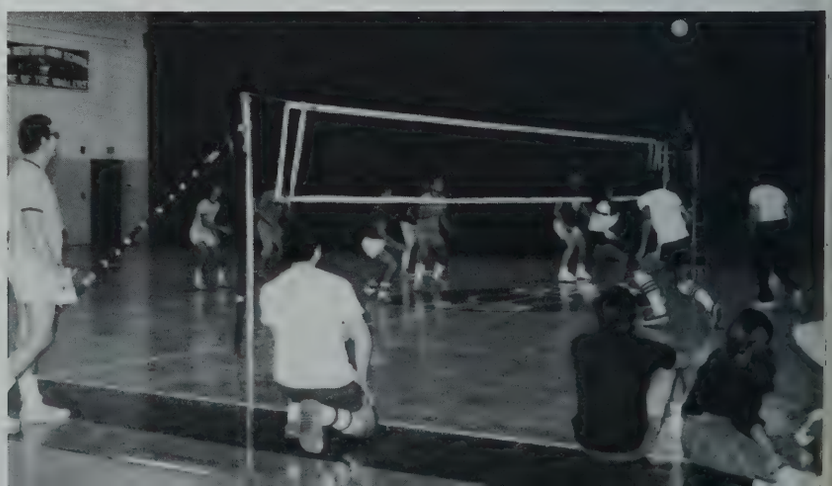




(Above): Here are three of the four winners of the 1st Annual Spirit Week Door Decorating Contest. They received their meritous awards after having been judged on the combination of artwork, spirit and theme displayed on their doors.



John and Danny, after substituting for Mr. Vaz and Mrs. Bonneau on Student Leadership Day, enjoyed the remainder of Spirit Week as they watched the Volleyball Game and the performance of "Special Touch" in the Minority Awareness Club's Lip Sync Contest.



As the crowd of cheering spectators at the Pre-Thanksgiving Day Game Rally "rocked the house", the electricity and excitement in the air was the highest it had ever been throughout the month of November. The enthusiasm of the cheerleaders, flag twirlers, majorettes, and the band, not to mention those in the stands brought the roof down.

The Spirit Rally brought everyone together for a moment of fun, laughs, and good times. With all the dancing, marching and laughing going on in the main gym, the thoughts of the "dress-up" days and activities will leave a lasting impression in our memories.

MARCHING WITH SPIRIT AND BURNING WITH PRIDE

The float decorating contest and parade to Buttonwood Park has been a traditional NBHS event for many years. The cold November weather did not affect those who participated, judged or just watched along the parade route. The enthusiasm and spirit warmed the hearts of many as the band played and the football team, atop the ladder truck, led the colorful floats and cars through the crowded streets to the park. Here, in addition to the tremendous bonfire, cheers and guest speakers, the spirit of competitiveness was a new high as New Bedford High would face the Hilltoppers of Durfee on Thanksgiving Day.

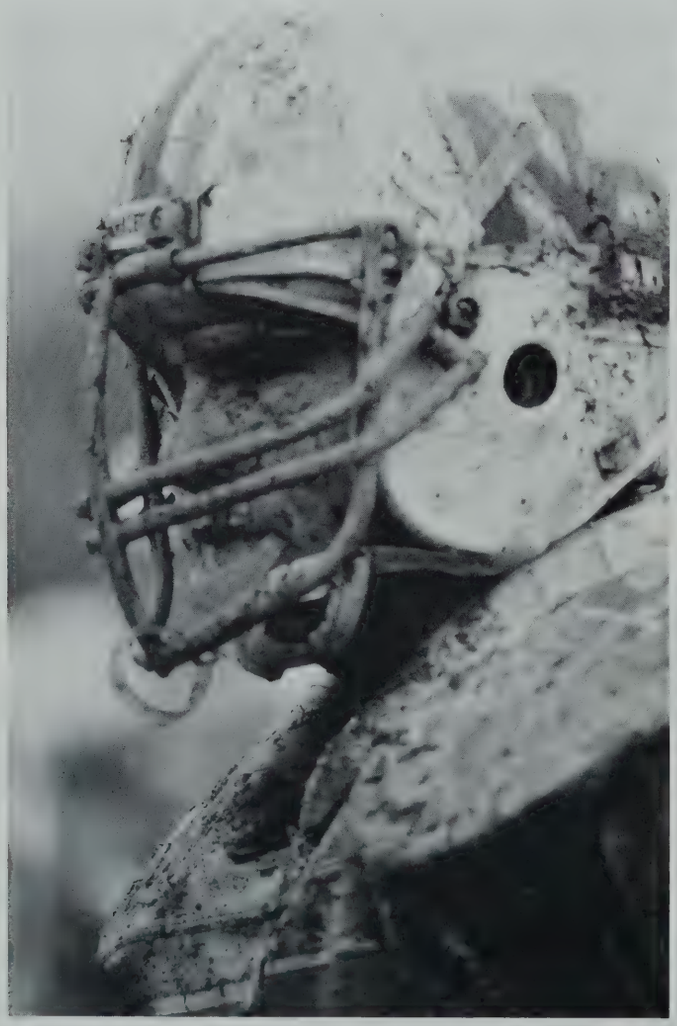
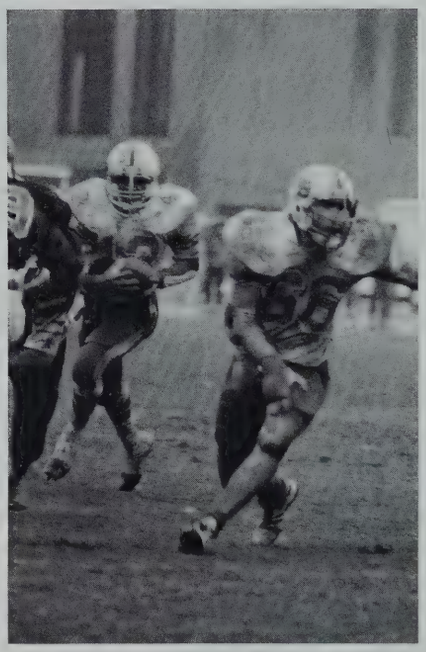
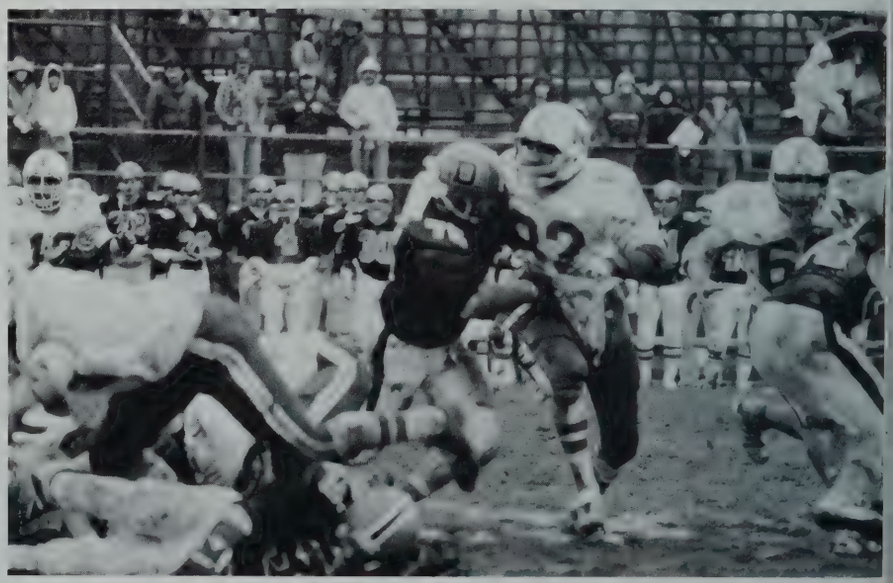
The Thrill of Victory: NBHS 6-0 Durfee

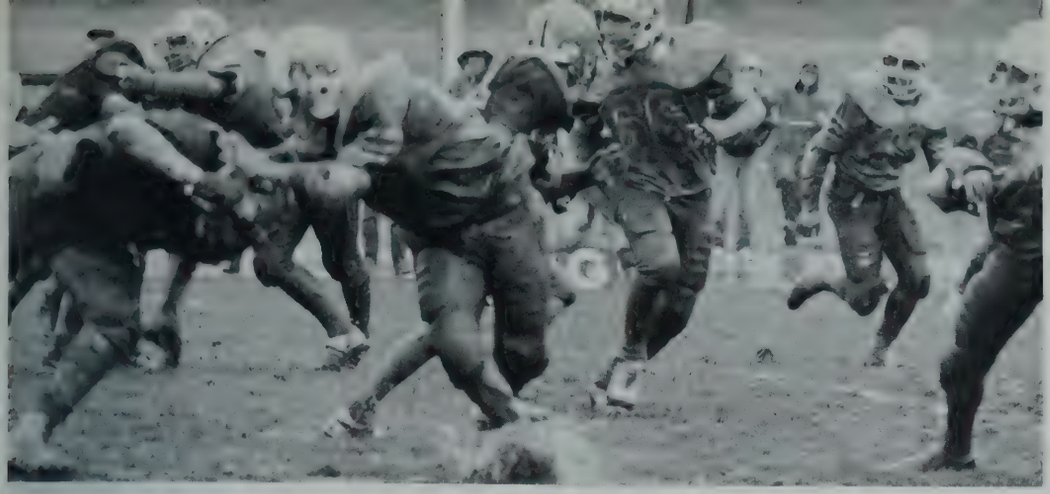
In spite of the weather conditions, the crowd and the Whaler team came home "warm" with victory. Hoping to beat NBH with the help of Mother Nature, the Durfee team soon saw its hopes rained away as NBHS played determined ball and held on to win 6-0. Outstanding play was given by all, but who will forget the unbelievable interception and play of Jimmy Gomes!

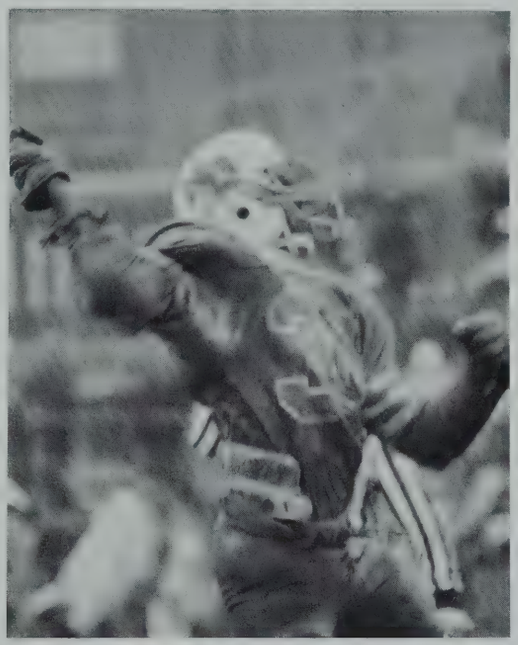
(Right) Chris Haley cheers the team to victory as (below) Scott Tremblay watches intently through the rain as his teammates struggle for footing in the muddy conditions.











The Whalers fought hard for each inch of territory gained through the mud and puddles. They managed to hold on to their footing, the football, and the victory!

The Agony of Defeat: NBH 21-35 LS

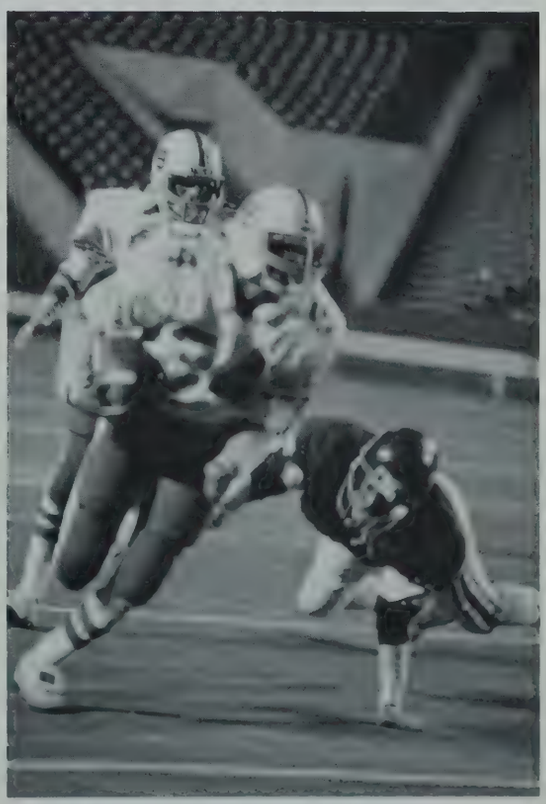
No one thought it possible that the NBHS football team could make the high school Super Bowl. But in fact they did! After an opening lost to BC High, 7-0, the Whalers went on to win their remaining games and gained a berth in the "magical bowl."

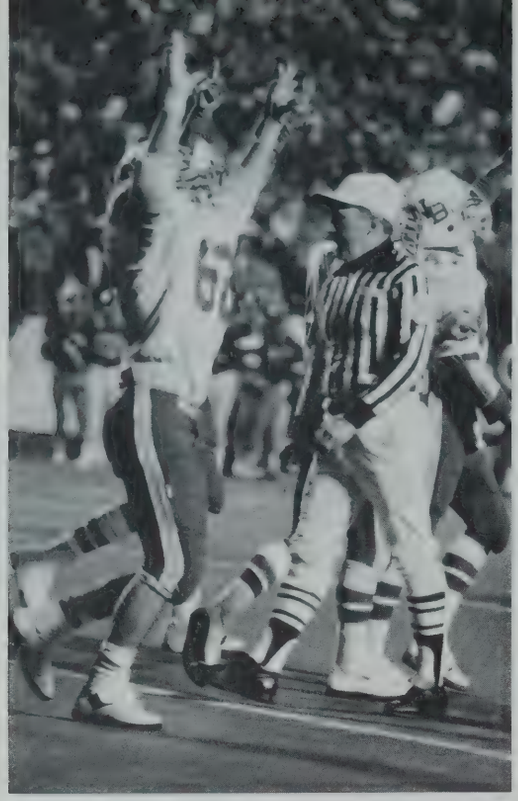
They were rated the underdogs and predicted to be outsized and outclassed. Outsized they were, but never outclassed. They were always in the game, and in fact, held the victory in their hands until the final minutes.

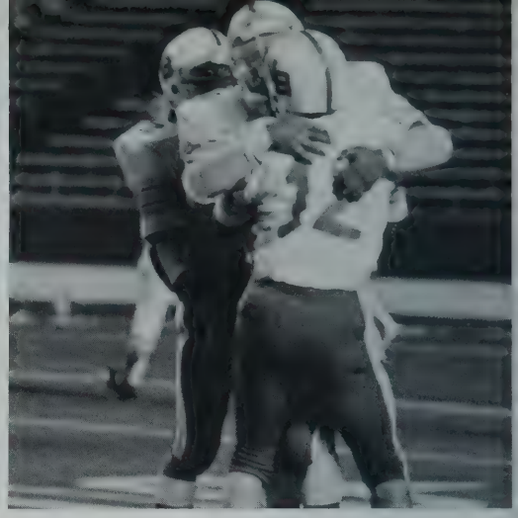
Except for a few bad breaks and inexperience on the artificial turf, the Whalers played a super game and won the hearts and admiration of the crowd.

There were many heroes, but if a game ball had been given, it certainly would have found itself in the hands of Dale Burgo, who had an outstanding game.

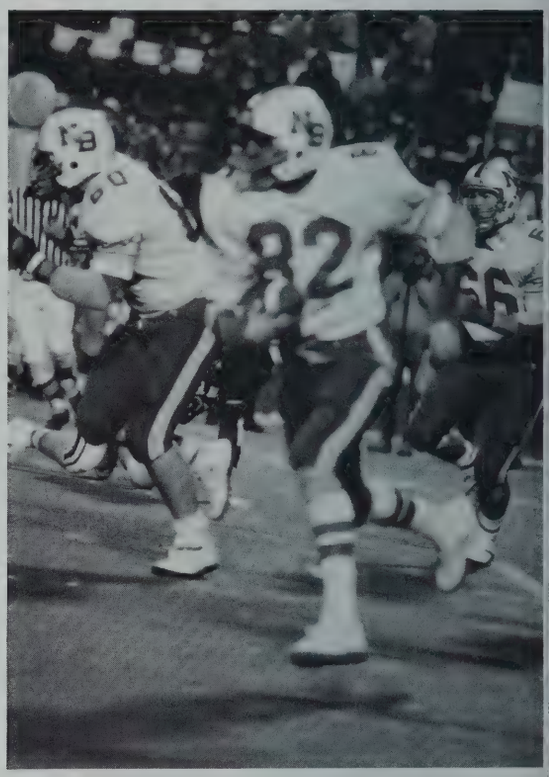
The Whalers and coaching staff deserve special congratulations for giving the community something of which to be proud, as well as some great memories of the 85-86 season!

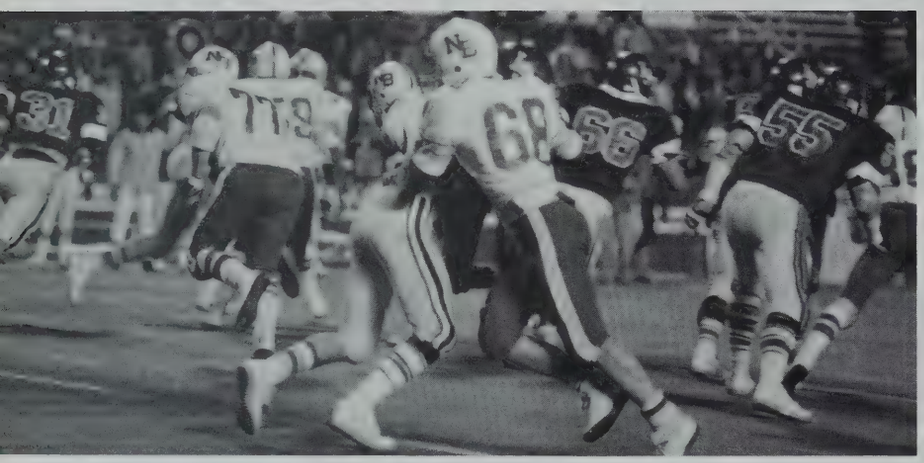






Victory seemed within the grasp of the Whalers as they constantly came from behind with the needed point after or the extra yardage for a touchdown.





Over and over the Whalers displayed heroic efforts with an extra block and run, only to have the clock run out before the score would tip in their favor one more time!

Here's Where It All Began . . .

The Crimson Log is the embodiment of all of the activities, events, athletics, and "goings-on" of New Bedford High School students, particularly of the Class of 1986. From the title page to the editor-in-chief's message, the staff carefully planned and designed each page to make the 1985-'86 school year both memorable and pleasurable to the students. The making of this yearbook took months of hard work to produce the publication you are now reading, and . . . Here's Where It All Began!

In June of 1985, Ms. Bizzarro, our advisor, conducted interviews with many enthusiastic and prospective students of the "new" senior and junior classes. After the decisions were made, the 30-plus members of the 1986 Crimson Log Yearbook Staff were introduced to their individual editors for an ice-breaking period and discussion concerning their responsibilities.

As the last bell echoed throughout the corridors, the work of the staff was just beginning. During summer sessions, David Gomes, our editor-in-chief, chose the "reflective" theme of the yearbook. Fellow editors met in August to choose the crimson cover of the yearbook, the print (which you are now reading) and the autograph endsheets located on the inside of the cover. They also learned the techniques of designing a layout, the advantages of artwork and other methods to made the 1986 Yearbook spectacular and unique.

However, as the doors to New Bedford High were once again opened in September, the legitimate work began. In addition to the periodical publishing deadlines which had to be met, many problems plagued the staff-writing and rewriting copy, identifying and retaking pictures, drawing and designing the lay-out, and proofreading the material to name just a few . . .

Even with the pressure hovering over our heads, the staff did have a few moments of enjoyment and pleasure throughout the school year. During Spirit Week, we entered our first "Crimson Log Float" and won the Honorable Mention Award. In October, after Hurricane Gloria wrecked havoc throughout our city, the Yearbook Staff sponsored a highly-successful carwash — an event where almost no one went home dry. These infrequent breaks gave each member a well-deserved rest and a chance to become acquainted with other members of the Staff.

Many hours and much effort have been put into this yearbook. We sincerely hope you appreciate our work. It has been our wish that the Yearbook will hold special memories for you, as it does for us.

Student Leaders Set the Pace

In a school as large as NBHS, it is necessary to have good student leaders to make the school run orderly and to act as the link between the student body and the administration.

The Student Advisory Committee and Student Representatives to the School Committee consists of a group of seven students elected by their peers. These leaders work closely with the administrators to represent their fellow students. The SAC has been a big factor in the success of the Student Tutorial Center and other school policy changes. They have also encouraged students to improve their grades through the Academic Excellence Campaign, asking them to be the best they can be.

Club presidents also play an appreciable role in the running of the school. They are the ones who instill the spirit and leadership that is necessary for the success of their individual clubs.

Moreover, the class officers also have an important role in the school. As well as representing their respective classes, they are busy planning the various social functions throughout the year.

Lastly, the Steering Committee Members take charge of all the duties of their respective homerooms. This includes the attending of frequent meeting, the voting on issues concerning their class, and the caring of financial matters including yearbook, cap and gown, prom, senior banquet expenses. Their job is one of extreme responsibility due to their many functions.

Under the direction of Ms. Caton, the Interclub Council again proved itself a great help in coordinating various club activities held during Spirit Week, one of the major events of the school year.

In addition to this, school dances, and in particular a membership drive dance, was sponsored by this organization which gives its all throughout the year.

STUDENT CONGRESS: SERVICE TO SCHOOL

Student Congress officers for 1985-1986 were Carol Camaioni president; Tom Pacheco, vice-president; Maria Sousa, secretary.

Advisors Mr. L. Edmundson and Mr. M. Taylor have led the Student Congress to another successful year with over two hundred members in force this year.

Once again the club was involved with several successful activities which kept the members busy and the recipients of their good-will happy. The Thanksgiving Food Drive supplied twenty needy families with food baskets while the Christmas Food Drive provided twenty-six families with overflowing baskets.

The S.C.'s special fund raiser of carnation sales was a success at both the Spirit Week sales and the spring sales. Monies from these sales help both the school in the form of donations and the students in the form of scholarships.

May once again saw the S.C. sponsor its annual Voter Registration Assembly with the senior class. This activity was followed by the annual banquet which closed out the year's activities. New officers were inducted and scholarships were awarded. After a year of hard work, one night of eating and dancing was well deserved!

The Scientific Approach to Work and Play!

The Natural Science Club again sponsored the annual student-faculty volleyball game during Spirit Week with the proceeds being donated to the Food Drive Fund.

Also the sale of poinsettas during the Christmas Bazaar met with success. These monies help the club with activities and scholarships. This mixture of meeting and mayhem make for fun.

Meeting Adventure Head-on!

The Great Outdoors Club moves out of the halls of NBHS and moves in with Mother Nature. During the year the club raises funds to help defray expenses for adventurous trips camping, hiking, bicycling, climbing, etc. Through the efforts of Mr. David Pepin and the volunteers, the club once again experienced a successful year.

MINORITY AWARENESS CLUB

The MA Club kept the pace going with a heavy schedule of activities throughout the year. In addition to the collection of aluminum cans to raise funds, the club also sold boxes of stationery which also earned the members free prizes.

The field trip to U. of Mass was a mixture of fun and education. The trip was an opportunity to see first-hand what a university the size of U. of Mass can offer to the minority student.

The trip was quickly followed by the club's participation in Spirit Week by sponsoring a Lip Sync Contest. Helping to make the show a success was the addition of the Boston group, "Techniques" in addition to the fine talent of NBH's own Nicole Johnson, Ryan Tavares, Special Touch, Maureen Sanchez and others.

During January and February the club displayed their pride with special bulletin boards devoted to Martin Luther King, Jr. and Black History month.

In addition to field trips, guest speakers and college interviews, the Club climaxed the year with its now famous talent night. The year proved gain that Mrs. Purcell and her "crew" are a tough act to beat!

The Usher Corps is involved throughout the year in offering its services to usher for various functions such as Drama Club productions, concerts, assemblies, etc. While their main function is to usher, they are also involved in fund-raising for scholarships.

Students Against Driving Drunk

This year's organization was under the direction of Mr. S. Fraga and operated separately from the Student Congress. Effort was made throughout the year, with strong emphasis at banquet and prom time, to educate students against the dangers and tragedies of driving while drunk. Key rings and bumper sticks bearing the motto "Keep the life of the party alive, don't drink and drive . . ." were sold to raise funds and guest speakers were invited to club meetings. It was an active second year!

The Student Exchange Club was formed to offer a chance for students to spend time in a variety of environments from another local school to another state or country. In addition the club plays host to students visiting N.B.H.S. from other locales. This was the first year for this organization, but the ground work has been set for the future success.

The ever active Mr. G. Biscari acts as advisor to both the Bowling and the Chess Club. For the students who enjoy the active and physical life, the Bowling Club offers both; while the students who prefer the quiet activity requiring mental stimulation are attracted by the Chess Club. Both groups meet casually and the emphasis is on fun and relaxation as opposed to stiff competition. For both groups the meetings throughout the year are a chance for new friendships, good fun, some competition and an opportunity for growth.

THE WORLD OF COMPUTERS

In only its second year of existence the Computer Club continues in growth and popularity. With the world turning more and more to computers for every aspect of living the importance of this club grows with the need to understand the computer in such a fashion that it becomes a familiar friend. This club affords its members an opportunity to have time on the computers as well as learn the total capacities of this modern age marvel as shown below.

One of the school's career-oriented clubs is Distributive Education. The students do more than just usual club activities. Distributive Education members run the non-profit bookstore, where their salesmanship skills are put to good use as they also benefit the other students. The students also spend part of the school day in actual employment where they can further their skills and prepare themselves for the future business world.

Preparing for the Future . . .

Jobs for Bay State Graduates was a new program established for seniors this year. The purpose of JBSG was to provide readiness and job placement services to high school seniors who planned to see full-time employment following graduation in June. As a member of JBSG, students participated in career preparation, social and civic awareness and leadership development. This program involved the students in the community and led them to a more successful future.

(Top) Chris enjoys being head of Social Studies Res. Center while Linda (below) sits in for Mr. G. Goodfellow during Honor Society's Leadership Day.

The Old and New Offering Service

Various groups at NBH offer community services. One of these, the Honor Society, is made up of selected students with outstanding qualities. This year the Honor Society started Teacher Appreciation Day at which time the teachers were honored by several members. Student Leadership Day was once again a success as each member represented an administrator or a member of the faculty.

This year the New Bedford High School Key Club experienced one of their most productive and rewarding years, due to a great revival in membership. Some of the contributions made by the Key Club during this year included a visitation to the pediatric and geriatric wards at St. Luke's Hospital for Halloween, participation in the city-wide food basket drive, and numerous visitations to local nursing homes.

Future Homemakers of America is a dynamic student organization representing home economics students nationwide. Members focused on personal growth, leadership, family life and the community. FHA runs on youth-centered leadership — which gives all members an opportunity to be involved in group planning. FHA helps develop skills for a lifetime.

In conclusion, these three groups worked in conjunction with one another on additional community benefits which included a blanket drive, a Toys-for-Tots drive, and a Sweater Drive. All in all it has been a very productive year!

Each of the groups shown here are involved with the media. Mr. Millette, advisor to the Photo Club, had a group of aspiring photographers taking pictures for the school newspaper and making contributions to the yearbook. The school paper and magazine are under the guidance of Mrs. I. Gutierrez. The newspaper, **Crimson Courier,** is kept up-to-date with issues of importance and interest to the student body. The school magazine, **Alpha,** is published annually and is a creative enterprise of poems, essays, short stories, art work and photography by both students and staff.

School Scan, the weekly school TV production is created by both TV III classes along with contributions from TV I and TV II students under the direction of Ms. C. Marland. With both "on air" and editing skills, specially equipped special effects generators and hard work, the students turn out a show which focuses on events that occur in the school. The show also presents music videos adding to the excitement. Who knows? It may be from this class that we find a future celebrity!

LANGUAGES AROUND THE WORLD

Three clubs at NBH helped to satisfy the needs for students who desired membership in a language-oriented club. The International Club, the Spanish American Club and the Foreign Language Club all participated in a variety of activities this year ranging from dances to bazaars. Each stressed a strong tie to a foreign culture while blending into the American scene.

WITH A LITTLE HELP FROM MY FRIENDS

Because of the large NBH complex every department and office requires extra help. This help comes in the form of student aides, people who are eager to give up study halls in place of running errands, filing cards, moving equipment, finding students and delivering messages. Without this valuable help, most things would go undone in the normal school day and many extra hours would have to be put in after school.

OFFICE AIDES LEND A HAND

Here at NBHS the house office aides do their best to help out the secretaries in each office with every day paperwork. These students volunteer to work in the office whenever they have a study. They basically answer phones, deliver messages, and help with the non-essential paperwork such as attendance papers or bulletins. These aides assist other faculty members. Lending a hand is what these students do best.

The Dean's Aides help the Dean in any way they can. Most of the time they are delivering messages or locating students and faculty members. They also help the Dean by working at the tables at our Christmas bazaar.When it's time to get the seniors going, they help out in the photo sessions and cap and gown measurements.

ROTC: A CONTINUATION OF EXCELLENCE

This year the ROTC has participated in various activities. Included in these activities were the pancake breakfast which was held by them for the first time and the annual turkey shoot. Both events turned out to be very successful. Their first competition was hosted here at NBHS. The girls with rifles and the girls without rifles secured first place, while the boys with rifles won second place. Their second competition was hosted at Newport Rodgers High School and the results turned out to be the same as their first competition. Among public appearances, the ROTC has participated in the Veterans' Day Parade and the Memorial Day Parade. They also received honors at the Mayorial Inauguration and the Inaugural Ball. Again the ROTC has demonstrated excellence combined with good leadership.

Yule Tide Spirit

The Christmas spirit could not help but be felt among those present at the Christmas concert. Talent was present throughout the show, but the pinnacle of talent was seen when Melody Plummer and Alyssa Lynch performed "Silent Night" in Gaelic, with grace that could be seen as well as heard. As the student body left the auditorium warm smiles and good feelings were all around.

Before the Show Goes On

One of the largest organizations in school is the Drama Club. In the Drama Club, there is participation in the performing arts both in the acting and backstage activities.

Each year, the Drama Club has two major productions with active onstage performances by nearly one hundred members and with backstage activities involving the same number working on other aspects of production. The backstage aspects include lighting, set construction, stage crew, costumes, props, and make-up. As a result of this experience, many former students of the Drama Club have gone on to perform or work in theatre, television, or film.

The NBHS Drama Club is a seven time winner of the Academy of Regional Theatre Award for best musical of the year, and the recipient for commendations from the State House, Mayor's office, and City Council for its many fine performances throughout the years.

"Life with Father"

This year, the Drama Club's fall production was "Life with Father." This classic comedy revolves around the Day family and their lives at the turn of the century in New York City. Clarence Day (Paul Foucart) is a businessman obsessed with keeping the household finances in order, while his wife Vinnie (Deidre Hickok) is concerned with other matters, such as how to explain where her monthly allowance was spent.

Father, who gets annoyed when relatives come for a visit, gets extremely agitated when Vinnie's cousin Cora (Angela Paquin) and friend Mary (Michelle Poirier) drop in unexpectantly. Mary, a devout Methodist, falls for the oldest son Clarence Jr. (John Correia), who just happens to be an Episcopalian. The plot thickens even further when Vinnie discovers that her husband was never baptized. Being the religious woman that Vinnie is, she will do anything to get him baptized. Father, being the stubborn man that he is, refuses even with much coaxing from Reverend Lloyd (Victor Silveira). All these predicaments, along with the funny characters, provided for hilarious circumstances which resulted in a very entertaining production.

It's Not All Glamour . . .

The reputation of excellence that NBHS has, was by no means put in jeopardy by the band this year. Under the extremely excellent direction of Mr. Vasconcelles, there was no doubt that the band would achieve the goal of being "the best." For years, they have been the top high school marching band in New England; and that's only the beginning. They've won every competition they've entered, including the New England Scholastic Band Association, where they beat out two very stiff competitors, Dartmouth High School and Blackstone Valley.

The band was selected to play in the Inaugural Parade for President Reagan in January of '85, but because of the extremely frigid weather the parade was cancelled. However, in May at Disney World, Florida, they were able "to strut their stuff" for the President in a replacement parade.

It's not only marching, but it's having to brave the weather.

Even the band gets into the spirit of dressing up for Spirit Days.

Majorettes Twirl to Championship Season

The N.B.H.S. majorettes have had a very busy year. This successful unit of girls has done just about a little of everything throughout the year. During the fall, they participated with the band in competitions and in football half-time shows. During the winter, they provided enjoyable entertainment for the half-times at the basketball games. In addition to this, the majorettes also participated in rallies, attended competitions as an individual unit, and hosted not only their own clinic, but also hosted the state finals at New Bedford High School. All in all, they are a small group with large activities here at New Bedford High School.

The "cave girls" performed a well chore-ographed dance routine at our pre-Thanksgiving Day rally. They added style and energy to help the football team on to the battle with Durfee.

CHEERLEADERS

"Hey — Hey — Hey — Hey! Look out! 'cuz we are here; and we, the Whalers, are PSYCHED to cheer!"

The 1985-1986 season was filled with spirit and excitement. Pep rallies and the bonfire helped ignite our team to victories. Cheering at the Superbowl, performing at the Patriots' game and winning the NESBA championship were some of the year's highlights. The hard work and dedication paid off throughout the entire year. Regardless of rain, sleet or snow they kept the spirit alive.

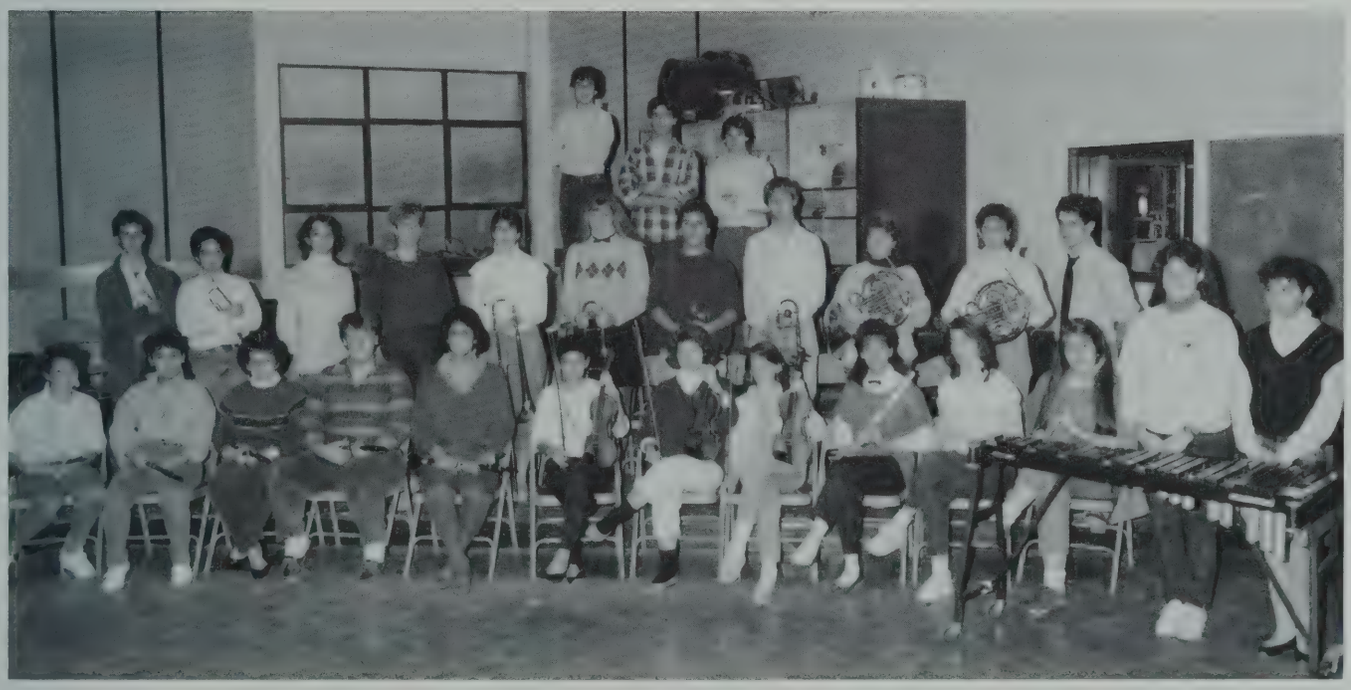
Orchestra and Chorus in Harmony

TBB
1st Row. (L-R): Ryan Tavares, Anthony Furtado, Lisa Cardoso, Robert Finni, Edward Haskins. (2nd row:) Robert Long, Kenneth Tavares, Marc LeBlanc, Victor Silveira

The Orchestra and TBB both add different sounds to the various concerts presented. The orchestra, made up of brass, wind, percussion and string instruments play the classical sounds of music. The TBB, which consists of Tenor, Baritone and Base voices has had a new addition this year as a female Alto voice has been added. The harmonious music of these different groups brings forth a variety of sounds.



ORCHESTRA
1st Row (L-R): Kelly Smith, Tammy Silveira, Kim Rodriques, Chris Reed, Linda Eugenio, Helena Gracia, Tracy Lening, Rosa Clark, Michelle Gomes, Dion Pepin, Kathy Menard, Brook Burgess, Christine Henry (Middle) Tony Cabeca, Ann Rezendes, Nicky Deslauriers, Roslyn Crompton, Lori Sylvia, Lisa Gonzaga, Keith Jeronymo, Chris Heleen, Kerry Ashworth, Kendra Medeiros, Peter Ashworth, (Back) Sean Nelson, Kevin Ferreira, Dave Chandler.

The Voices of Harmony

The Christmas Concert was a big hit this year. Ms. Mullin, the new director, led the various choruses to a splendid performance. The Show Choir stood out as they danced a number which they had choreographed themselves. The Selected SSA, which is a group of chosen students, added the calm and uniqueness with many tunes in their foreign verse. The other choruses, consisting of Concert Chorale and SSA demonstrated their excellent voices as they sang familiar Christmas tunes.

SHOW CHOIR

"MISS CONSIDERATION"

As an alumnus of New Bedford High School (Class of 1965), Mrs. Lois Ayotte has deep feelings for this school where she is presently a business teacher and one of the advisors of the Class of '86.

Mrs. Ayotte is a former advisor of the cheerleading squad which she directed to great success, as well as a past coach for a very successful girls' tennis team.

What Mrs. Ayotte likes most about NBHS is the diversity of the student and faculty population. She feels that the different ethnic backgrounds, cultures, personalities, dress, attitudes, customers, and ways of thinking of the NBHS population make it what it is today; a melting pot with something to offer to everyone.

When asked what advice she could give to this year's senior class, her response was for each person to become involved and to accept new challenges. She also said to believe in ourselves, to be positive and to grow from our experiences, as well as to learn from our mistakes.

Mrs. Ayotte is a person who is eager and anxious to help all in any way possible. It is this eagerness that has helped our class to be the success it has been. We appreciate her for her time and energy and for the little "extras" she has given to the members of the Class of '86.

"MR. INVOLVEMENT"

A native of New Bedford and an alumnus of New Bedford High School (Class of 1968), Mr. Larry Edmundson finds very little time to relax. In addition to being a history and government teacher, as well as one of the senior class advisors, he still finds time to be one of the advisors to the Student Congress, an active organization made up of close to 250 students who are responsible for many school services.

However, his involvement does not stop here. He is also on a number of faculty committees including the School Security Committee, the Social Studies Curriculum Committee, as well as being the chairman of the Social Studies Self-evaluation Committee. Mr. Ed, as he is known to most of his students, was also a key factor behind the development of the NBHS chapter of the Students Against Driving Drunk (S.A.D.D.). After all this, he still manages to spend time with his wife and two sons, Marc (age 9) and Christopher (age 7).

When asked what he thought about the Class of '86, his response was that the kids were a great group of individuals filled with enthusiasm and spirit. The qualities that he likes most about NBHS are the school spirit, pride and cooperation that exists between the administration, faculty and students.

Mr. Edmundson is a fun person who always has a friendly nod for everyone. His encouragement, help and time has been greatly appreciated by the entire senior class of '86.

A Seven Star Salute . . .

The astronomical story of Mr. Richard Methia's selection as a finalist in NASA's prestigious "Teacher in Space Program" had brought pride once again not only to New Bedford High School, but also to the community. This English teacher's "flight to the stars" could not have been possible without the necessary dedication, mental and physical endurance, and consistent hard work that was constantly required of him. However, it was not meant to be that his name would be chosen as the first teacher in space. He did, nevertheless, continue to work with the NASA program to help develop lessons to be taught in space during that special flight. But that too was not meant to be. Much could be written and said about that January tragedy, but we felt the following thoughts from Mr. Methia himself said more than we could hope to . . .

In the crew photo of the space shuttle Challenger you see a wonderful portrait of America. What was most noble about these seven men and women was not only how they died, but how they had lived — together — united in a common purpose and a shared ideal.

It was a very special crew. For me the most special member of that crew was Christa McAuliffe — because she was a teacher and a friend.

When people asked Christa how it felt to be a heroine, she just laughed. "I'm not an extraordinary person," she would say, "just an ordinary person living an extraordinary adventure." Christa was an ordinary human being, but one who rose to the challenge life offered her because she truly believed she could make a difference. And she has.

To remember Christa and her friends aboard the Challenger, I look again at their crew picture. They're smiling. That's the way they lived, and I'm certain that's the way they died.

. . . We recognize Mr. Methia for his accomplishment, and we salute the seven members of the Challenger whose deaths affected so many and taught so much.

(Above) "I've also rediscovered a second childhood," Mr. Methia told us after his training, and especially after experiencing weightlessness in KC-135, the mock capsule. (Left) Surrounding their "hero" are possible future astronauts.

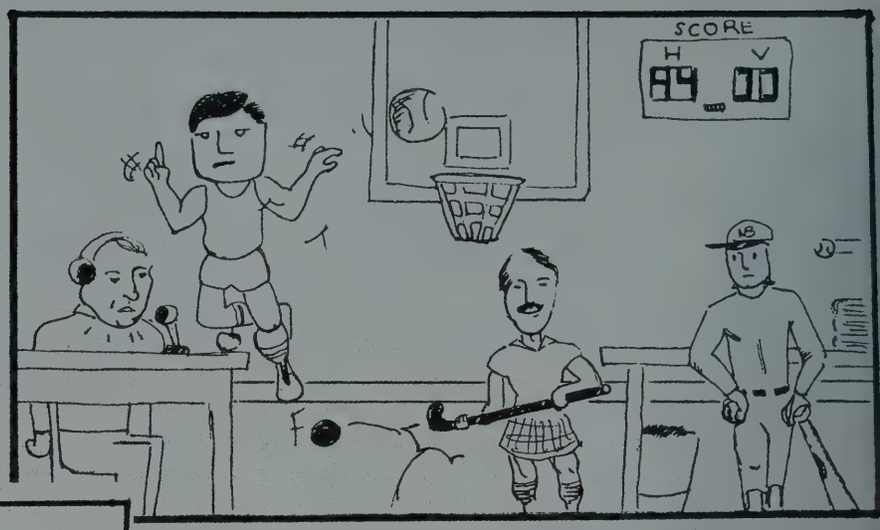
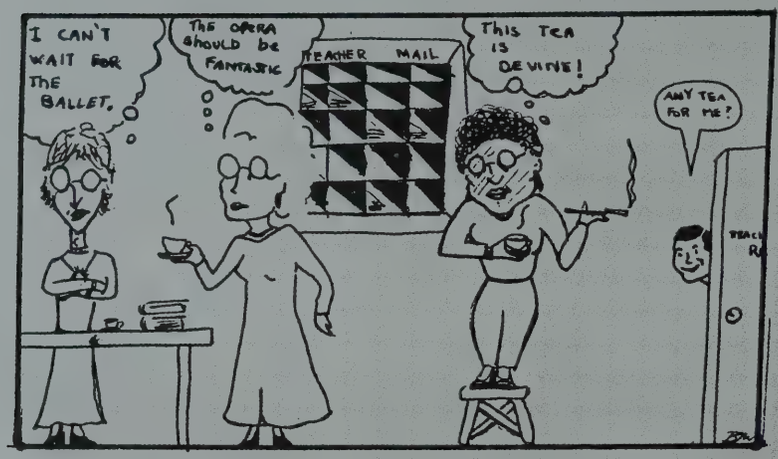
The Way We See It . . .

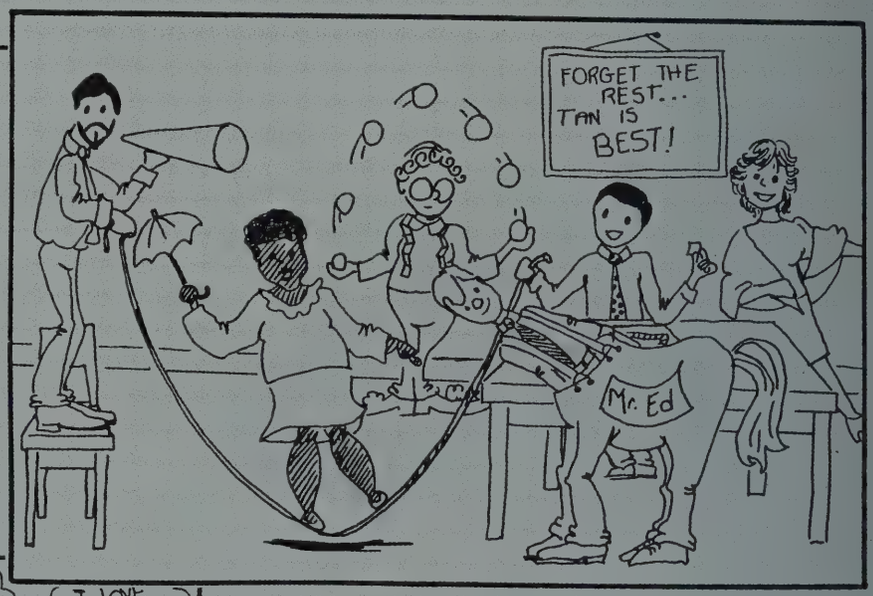
The observation was made by certain members of the senior class that each of the faculty rooms seemed to have its own "aura" or personality. After a discussion of what each of the personalities was, the creative juices flowed to produce the following sketches (taken good-naturedly — we hope!).





(Above) **GREEN HOUSE:** Is it just by chance that most coaches happen to be in this house? We know where to go to find the "Globe" or "Herald" sports pages! Who won last night? (Left) **GOLD HOUSE:** Whose engagement party today? Or is it a retirement party? Or is it a new baby on the way? The Mad Hatter could have taken lessons for his tea party from this social group.

P.S. To give praise and raves, or to give sneers and jeers, contact artist Brian Williams for the Green and Gold Houses. Tan and Blue House credits go to Christine Jorge.



(Above) **TAN HOUSE:** Games and fun abound. This close and friendly group have more reasons for parties, raffles, pranks and coffee hours than "Trivia Pursuit" has questions! (Left) **Blue House:** Texts and teachers go together in this house. From Camus to **Cosmopolitan** can be found on the coffee tables here.

The Best of the
World . . .

. . . to my favorite graduate,
my daughter,
KENDRA-JEAN MEDEIROS

A SPECIAL MESSAGE TO YOU . .

As you reach the closing page of the '86 Crimson Log, it is hoped that you enjoyed this book and will continue to "reflect" in the coming years on the many pages of memories it provided. The staff spent many hours preparing and designing this publication for you. It was a challenge that we dedicated ourselves to, and we hope you appreciate the effort and committment.

As editor-in-chief, I would like to express my thanks, first and foremost, to our advisor, Ms. Beverly A. Bizzarro. Without her continuous guidance and unselfish hard work, our yearbook would not have become a reality.

Secondly, I would like to thank Mr. Dick Swiech of Hunter Publishing; the photographers of Dodge-Murphy Studio; and Ms. Dorothy Dean, Ms. Dawn Caton and Mrs. Loretta Dlouhy of NBHS for their undying support and helpfulness with each deadline we labored to meet.

Finally, to the 1986 Crimson Log staff — WE DID IT! I appreciate your hard work and faithfulness. You guys are the greatest.

As my final act as editor-in-chief, I have one remaining task on behalf of the staff. It is with a better understanding of true dedication to a challenge or adventure that the staff of the '86 Crimson Log dedicates this year's publication to the memory and spirit of seven heroes of the Challenger who gave their lives in hopes that mankind would benefit and learn.

David A. Gomes
Editor-in-chief
